University of Nebraska
UNL Nebraska Builder Awards

NOMINATION FORM

The Nebraska Builder Awards are given annually to individuals who have literally been **"BUILDERS"** of the University of Nebraska-Lincoln and/or State of Nebraska. As the Policy for the Nebraska Builders Awards indicates, the following are guidelines for selecting the Award recipient:

- **Achievements of the nominee should be related to the University of Nebraska-Lincoln or State oriented.**
- **Nominee should be a resident of the State of Nebraska. If the nominee was a resident and has now left the State, his/her contribution should be Nebraska oriented.**

Because this is a statewide award, each Regent is urged to give special consideration to potential recipients in their Regental district. Presenting this award to individuals actively associated with the University (faculty, staff, administrators, Regents, etc.) is strongly discouraged.

Contact the chancellor's office for deadlines and procedures for your campus.
