

AGENDA
THE BOARD OF REGENTS
OF THE UNIVERSITY OF NEBRASKA
Varner Hall
September 8, 2006
12:30 p.m.

- I. CALL TO ORDER
- II. ROLL CALL
- III. APPROVAL OF MINUTES AND RATIFICATION OF ACTIONS TAKEN ON JULY 28, 2006
- IV. KUDOS AND RESOLUTIONS
- V. HEARINGS
- VI. PUBLIC COMMENT

The Standing Rules of the Board provide that any person may appear and address the Board of Regents on any item on the agenda for this meeting. Each person will be given up to five minutes to make his or her remarks.

- VII. STRATEGIC OR POLICY ISSUES:
 - A. UPDATE ON STRATEGIC FRAMEWORK
 - B. UNIVERSITY OF NEBRASKA MEDICAL CENTER FACILITIES DEVELOPMENT PLAN
- VIII. UNIVERSITY CONSENT AGENDA
 - A. ACADEMIC AFFAIRS
 - 1. President's Personnel Recommendation. Addendum VIII-A-1
 - 2. Approval to Award Degrees and Certificates for the 2006-2007 academic year and 2007 summer sessions at the University of Nebraska at Kearney. Addendum VIII-A-2
 - 3. Approval to Award Degrees and Certificates for the 2006-2007 academic year and 2007 summer sessions at the University of Nebraska-Lincoln. Addendum VIII-A-3
 - 4. Approval to Award Degrees and Certificates for the 2006-2007 academic year and 2007 summer sessions at the University of Nebraska Medical Center. Addendum VIII-A-4
 - 5. Approval to Award Degrees and Certificates for the 2006-2007 academic year and 2007 summer sessions at the University of Nebraska at Omaha. Addendum VIII-A-5
 - 6. Approval is requested to rename and reorganize the Center for Human Molecular Genetics to the Center for Molecular Genetics and Genomics at the University of Nebraska Medical Center. Addendum VIII-A-6
 - B. BUSINESS AFFAIRS

1. Approve the team of Perkins & Will / Bahr, Vermeer & Haecker to provide design services for the Physical Sciences Replacement Building at the University of Nebraska-Lincoln. Addendum VIII-B-1

University of Nebraska Medical Center

2. Approve the installation of a new 2500-ton chiller in the East Utility Plant at the University of Nebraska Medical Center. Addendum VIII-B-2
3. Approve the selection of Alley Poyner Architecture, P.C., to provide architectural design services for the renovation of Bennett Hall at the University of Nebraska Medical Center. Addendum VIII-B-3

IX. UNIVERSITY ADMINISTRATIVE AGENDA

A. ACADEMIC AFFAIRS

1. Approval is requested to establish a Department of Emergency Medicine in the College of Medicine at the University of Nebraska Medical Center. Addendum IX-A-1
2. Approve discontinuance of the University of Nebraska-Lincoln Panhandle Learning Center. Addendum IX-A-2

B. BUSINESS AFFAIRS

Central Administration

1. Approve the repeal of Regents' Policy RP- 4.2.5: Health Care Policy for Tenured Early Retirees. Addendum IX-B-1

University of Nebraska-Lincoln

2. Approve the Program Statement and Budget for the South Stadium Office Building Renovation for Computer Science and Engineering at the University of Nebraska-Lincoln. Addendum IX-B-2
3. Approve the Program Statement and Budget for the Barkley Memorial Center Building Addition at the University of Nebraska-Lincoln. Addendum IX-B-3

University of Nebraska Medical Center

4. Approve the University of Nebraska Medical Center 2006-2015 Facilities Development Plan. Addendum IX-B-4
5. Approve the Program Statement and Budget for the Renovation of Poynter Hall at the University of Nebraska Medical Center. Addendum IX-B-5
6. Approve an Interlocal Cooperation Agreement with the City of Omaha, associated budget and the selection of HDR Engineering, Inc., as engineering consultant, to complete a feasibility for the relocation of Saddle Creek Road on the western edge of the University of Nebraska Medical Center campus. Addendum IX-B-6
7. Approve the Resolution for the Michael F. Sorrell Center for Health Science Education (the Sorrell Center) Project which (1) approves the issuance of not to exceed \$40,000,000 principal amount of Lease Rental Revenue Bonds, Series 2006 (UNMC Sorrell Center Project) by The University Nebraska Facilities Corporation pursuant to a Trust Indenture, and (2) authorizes the execution and delivery of a Site Lease, a Lease-Purchase Agreement, a Continuing Disclosure Agreement, a Tax Compliance Agreement, an Inducement Letter and a Preliminary Official Statement in connection with the sale of such Series 2006 Bonds, (3) authorizes the sale of such Series 2006 Bonds at a negotiated sale pursuant to a Bond Purchase Agreement and authorizes the Vice President for Business and Finance to determine interest rates (not to exceed a true interest cost of 5.00%), principal amounts, principal maturities and redemption provisions of such Series 2006 Bonds, and (4) approves the preparation and use of a final

Official Statement. Addendum IX-B-7

University of Nebraska at Omaha

8. Approve an agreement by and between the University of Nebraska at Omaha, SID #531, and NS – The Heritage, L.L.C. for a permanent sanitary sewer easement and temporary sewer construction easement through UNO's Allwine Prairie, and fence improvements. Addendum IX-B-8

C. FOR INFORMATION ONLY

1. Strategic Framework. Addendum IX-C-1
2. This proposed amendment of the *Bylaws of the Board of Regents* providing for adoption of a new Section 4.4.8 relating to Faculty Practice Appointments and Faculty Research Appointments is presented for information purposes only in accordance with the requirements of Section 1.11 of the *Bylaws of the Board of Regents*. Approval of this new section will be requested at the Regents' meeting on November 3, 2006. Addendum IX-C-2

D. REPORTS

1. Personnel Reports for 2005-2006. Addendum IX-D-1
2. Programs with Tuition Variances. Addendum IX-D-2
3. Semi-annual report of licenses for the period ended June 30, 2006. Addendum IX-D-3
4. Status of Capital Projects exceeding \$5 million as of June 30, 2006. Addendum IX-D-4
5. Bids and Contracts for the period ended August 17, 2006. Addendum IX-D-5
6. Gifts, Grants, Contracts and Bequests for the period April 1-June 30, 2006. Addendum IX-D-6
7. Quarterly Status Report of Six-Year Capital Plan for the period ended June 30, 2006. Addendum IX-D-7
8. Five-year lease agreement between the University of Nebraska-Lincoln and Sea Breeze Land Development Co. Addendum IX-D-8
9. Report on approval of agreement: Ameritas Corporation Sponsorship: Department of Intercollegiate Athletics, University of Nebraska-Lincoln. Addendum IX-D-9

X. ADDITIONAL BUSINESS

VIII. UNIVERSITY CONSENT AGENDA

A. ACADEMIC AFFAIRS

1. President's Personnel Recommendation. Addendum VIII-A-1
2. Approval to Award Degrees and Certificates for the 2006-2007 academic year and 2007 summer sessions at the University of Nebraska at Kearney. Addendum VIII-A-2
3. Approval to Award Degrees and Certificates for the 2006-2007 academic year and 2007 summer sessions at the University of Nebraska-Lincoln. Addendum VIII-A-3
4. Approval to Award Degrees and Certificates for the 2006-2007 academic year and 2007 summer sessions at the University of Nebraska Medical Center. Addendum VIII-A-4
5. Approval to Award Degrees and Certificates for the 2006-2007 academic year and 2007 summer sessions at the University of Nebraska at Omaha. Addendum VIII-A-5
6. Approval is requested to rename and reorganize the Center for Human Molecular Genetics to the Center for Molecular Genetics and Genomics at the University of Nebraska Medical Center. Addendum VIII-A-6

B. BUSINESS AFFAIRS

University of Nebraska-Lincoln

1. Approve the team of Perkins & Will / Bahr, Vermeer & Haecker to provide design services for the Physical Sciences Replacement Building at the University of Nebraska-Lincoln. Addendum VIII-B-1

University of Nebraska Medical Center

2. Approve the installation of a new 2500-ton chiller in the East Utility Plant at the University of Nebraska Medical Center. Addendum VIII-B-2
3. Approve the selection of Alley Poyner Architecture, P.C., to provide architectural design services for the renovation of Bennett Hall at the University of Nebraska Medical Center. Addendum VIII-B-3

President's Personnel Recommendations
Meeting Date: September 8, 2006

Addendum VIII-A-1
Revised

University of Nebraska-Lincoln

Adjustments

Merlyn K. Nielsen, Professor (Continuous), Animal Science; Kermit Wagner Professor of Animal Science, effective October 1, 2006 to September 1, 2011, \$10,000 stipend. Add Kermit Wagner Professor of Animal Science.

Robert C. Shearman, Professor (Continuous), Agronomy and Horticulture; Sunkist Fiesta Bowl Professorship in Agronomy, effective July 1, 2006 to July 1, 2011, \$10,000 stipend. Add Sunkist Fiesta Bowl Professorship in Agronomy.

TO: The Board of Regents
Academic Affairs

MEETING DATE: September 8, 2006

SUBJECT: Approval to Award Degrees and Certificates for the 2006-2007 academic year and 2007 summer sessions.

RECOMMENDED ACTION: It is recommended that the Board of Regents approve the conferral of appropriate degrees and certificates on students of the University of Nebraska at Kearney, as approved and recommended by the faculty, at Commencement ceremonies to be held on December 15, 2006, May 4, 2007, and July 27, 2007, subject to the satisfactory completion of all requirements.

PREVIOUS ACTION: September 16, 2005 – The Board granted approval for the 2005-2006 academic year award dates.

EXPLANATION: This action authorizes granting degrees and certificates for the 2006-2007 academic year and 2007 summer sessions to those students who have completed the necessary requirements.

SPONSOR: Finnie A. Murray
Senior Vice Chancellor for Academic Affairs and Student Life

RECOMMENDED: _____
Douglas A. Kristensen, Chancellor
University of Nebraska at Kearney

DATE: August 14, 2006

TO: The Board of Regents Addendum VIII-A-3

Academic Affairs

MEETING DATE: September 8, 2006

SUBJECT: Approval to Award Degrees and Certificates for the 2006-2007 academic year and 2007 summer sessions.

RECOMMENDED ACTION: It is recommended that the Board of Regents approve the conferral of appropriate degrees and certificates on students of the University of Nebraska-Lincoln, as approved and recommended by the faculty, at Commencement ceremonies to be held on December 16, 2006, May 5, 2007, and August 11, 2007.

PREVIOUS ACTION: September 16, 2005 - The Board granted approval for the 2005-2006 academic year award dates.

EXPLANATION: This action authorizes granting degrees and certificates for the 2006-2007 academic year and 2007 summer sessions to those students who have completed the necessary requirements.

SPONSOR: Barbara Couture
Senior Vice Chancellor for Academic Affairs

RECOMMENDED: _____
Harvey Perlman, Chancellor

Academic Affairs

MEETING DATE: September 8, 2006

SUBJECT: Approval to Award Degrees and Certificates for the 2006-07 academic year and 2007 summer sessions.

RECOMMENDED ACTION: It is recommended that the Board of Regents approve conferral of appropriate degrees and certificates on students of the University of Nebraska Medical Center as approved and recommended by the faculties, at Commencement ceremonies to be held on:

UNMC Winter Commencement

December 14, 2006 (Thursday)	Kearney
December 15, 2006 (Friday)	Omaha and Lincoln
December 16, 2006 (Saturday)	Scottsbluff

UNMC Spring Commencement

May 3, 2007 (Thursday)	Kearney
May 4, 2007 (Friday)	Lincoln
May 5, 2007 (Saturday)	Omaha and Scottsbluff

August 10, 2007	Summer Graduation (no ceremony)
-----------------	---

PREVIOUS ACTION: The Board granted approval for the 2005-06 academic year award dates on September 16, 2005.

EXPLANATION: The Medical Center awards degrees and certificates at or near the completion of each academic term. Students graduating from UNMC academic programs located at sites other than the Omaha campus will receive their degrees in separate ceremonies in Kearney, Lincoln and Scottsbluff.

SPONSOR: Rubens J. Pamies, M.D.
Vice Chancellor for Academic Affairs

MEETING DATE: September 8, 2006

SUBJECT: Center for Molecular Genetics and Genomics

RECOMMENDED ACTION: Approval is requested to rename and reorganize the Center for Human Molecular Genetics to the Center for Molecular Genetics and Genomics at the University of Nebraska Medical Center (UNMC).

PREVIOUS ACTION: July 17, 1999 – The Center for Human Molecular Genetics was approved by the Board on July 17, 1999.

EXPLANATION: Genetics and genomics are rapidly advancing areas of science and medicine that have enormous potential to facilitate the understanding of complex diseases and thereby impact our ability to treat and even prevent many acute and chronic diseases. In 2003 the area of Genetics was added to the title of the Cell Biology and Anatomy Department at UNMC to become the Department of Genetics, Cell Biology and Anatomy. As an associated change, and with the hiring of a new Chair, Dr. Jim Shull, the focus of the Center for Human Molecular Genetics has been broadened and reorganized to better describe the interests of the faculty now associated with the Center. The reorganized Center for Molecular Genetics and Genomics will be in a strong position to develop new ties with academic and private sector programs in these areas and to compete for additional major federal resources.

The change of name and reorganization has been approved by the UNMC leadership and the Council of Academic Officers.

PROJECT COST: The name change and reorganization of the Center will not require any additional resources.

Center for Molecular Genetics and Genomics

James D. Shull, Ph.D., Director

Department of Genetics, Cell Biology and Anatomy, College of Medicine

August 10, 2006

Description of Center: The Center for Molecular Genetics and Genomics (CMGG) is being established from the existing Center for Human Molecular Genetics, which because of a funding exigency was absorbed into the Department of Genetics, Cell Biology and Anatomy on September 1, 2003. The CMGG will be organized as a UNMC-wide matrix center and is expected to include faculty from virtually all basic and clinical departments. The administrative home of the CMGG will be the Department of Genetics, Cell Biology and Anatomy (GCBA). Dr. James Shull, chairman of GCBA, will serve as the director of the CMGG. An internal advisory board comprised of appropriate UNMC department chairs, institute directors and senior leaders will be established and will meet four times per year. An external advisory board comprised of prominent scientists from other academic medical centers will be constituted and will meet annually.

Goals of Center: The fields of genetics and genomics are among the most rapidly advancing scientific disciplines. Advances made in understanding the genetic bases of complex human diseases, such as cancer, diabetes, hypertension and obesity, will dramatically impact the practice of clinical and preventive medicine in the coming decade and beyond. Moreover, new technologies are currently being developed that will allow the genomes of individual patients to be sequenced rapidly and cost-effectively, thereby opening countless avenues through which more effective preventive and therapeutic strategies will be implemented in our clinics. The mission of the CMGG is to provide an important vehicle for stimulating and supporting interdepartmental laboratory and translational research in genetics/genomics at UNMC. The specific goals of the CMGG are: 1) to promote collaborative, multidisciplinary genetics/genomics research by assembling researchers addressing questions pertaining directly to the genetic origins of complex human diseases; 2) to enhance the research infrastructure required to capitalize on rapid advances being made in genetics/genomics research, especially in areas relating to extraction and use of information from whole genome sequences; 3) to provide the base for an application to the NIH for a "Centers of Excellence in Genomic Science" award (see PAR-05-163 for more information); 4) to provide an administrative home for interdepartmental graduate and postdoctoral training programs in genetics/genomics; and 5) to stimulate economic development in Nebraska by providing a conduit between the academic and private sectors for the exchange of expertise and knowledge relating to genetics/genomics and the impact of advances in genetics/genomics on biotechnology and agriculture.

Relevance of Center to Strategic Goals of UNMC: The development of genetics/genomics research and education at UNMC is one of the primary goals of our strategic plan. However, there is currently no organization structure in place at UNMC to stimulate genetics/genomics research on a campus-wide basis. The CMGG will provide this needed organizational framework. Strategic recruitment of investigators working in key areas will enhance the ability of the CMGG to achieve its goals. Specific areas of genetics/genomics research that are of critical importance to UNMC are: 1) statistical genetics; 2) comparative genomics; and 3) genetic bioinformatics. Recruitment of faculty working in statistical genetics will allow us to study the complex (i.e., multigene) etiology of highly prevalent diseases, such as cancer, cardiovascular disease and diabetes, the interactions between multiple genetic contributors to disease etiology, and the interactions between genetic determinants of disease etiology and environmental factors, such as diet. Faculty working in comparative genomics will contribute to our goal of

translating research performed in physiologically relevant animal models to humans. Expertise in genetic bioinformatics is needed to allow our researchers to combine large genetics and informational databases to develop and refine models and hypotheses.

Contribution of Center to Nebraska: The economic future of Nebraska is challenged by a small population base; a continuing exodus of our young citizens to larger metropolitan areas that offer more or better education and employment opportunities; and an aging population that will require an increasing proportion of our state's resources for their health care. Therefore, it is critical that UNMC continue its efforts to build internationally recognized research, clinical and educational programs that draw patients and students from across the United States and abroad. In order to increase our current level of competitiveness in the research and clinical arenas, UNMC and the affiliated Nebraska Medical Center (NMC) must recruit and retain the best and brightest research faculty, clinician scientists, fellows and students to work and practice in areas related to genetics, genomics and molecular medicine. By stimulating and supporting interdepartmental laboratory and translational research in genetics/genomics, the CMGG will support the missions of the UNMC and the NMC and will thereby serve the citizens of the State of Nebraska and surrounding areas.

Performance Measures for Center: We expect that the CMGG will significantly increase NIH funding to UNMC in areas directly related to genetics and genomics. To quantify the impact of the CMGG on research at UNMC we will assess annually: 1) total grant dollars derived from genetics/genomics research; 2) the number of collaborative grants supporting genetics/genomics research; 3) the number of funded principal investigators conducting genetics/genomics research; 4) the number of research publications in peer-reviewed genetics/genomics journals; 5) the number of citations generated by each publication in genetics/genomics; and 6) the use of UNMC shared resources supporting genetics/genomics research.

TO: The Board of Regents Addendum VIII-B-1
Business Affairs

MEETING DATE: September 8, 2006

SUBJECT: Architect Selection for the University of Nebraska-Lincoln Physical Sciences Replacement Building

RECOMMENDED ACTION: Approve the team of Perkins & Will / Bahr, Vermeer & Haecker to provide design services for the Physical Sciences Replacement Building at the University of Nebraska-Lincoln (UNL).

PREVIOUS ACTION: June 15, 2006 – The Board approved the Program Statement and Budget for the UNL Physical Sciences Replacement Building.

EXPLANATION: A committee consisting of the Associate Vice Chancellor of Academic Affairs, the Assistant Vice President & Director of Facilities Planning & Management, three representatives from UNL Facilities Management and Planning, and two members of the Department of Physics and Astronomy, has selected the firm of Perkins & Will / Bahr, Vermeer & Haecker to provide design services for the Physical Sciences Replacement Building. This firm was selected from a field of nine firms submitting proposals for the project. All firms on the University of Nebraska list of certified architectural and engineering firms were initially contacted. A contract for design services will be negotiated within the approved project budget.

The \$34,500,000 budget below is in agreement with this project's allocation of the LB605 proceeds, details of that budget having been disclosed in the June meeting. The operating costs and 2% assessment will be included in the 2010-2011 budget request.

Proposed start of construction	September 2007
Proposed completion of construction	June 2009

PROJECT COST: \$34,500,000

ON-GOING FISCAL IMPACT:	Annual Operating Costs	\$877,900
	2% Assessment	690,000

SOURCE OF FUNDS: LB605 Funds

MEETING DATE: September 8, 2006

SUBJECT: Chiller installation in the East Utility Plant at the University of Nebraska Medical Center

RECOMMENDED ACTION: Approve the installation of a new 2500-ton chiller in the East Utility Plant at the University of Nebraska Medical Center (UNMC).

PREVIOUS ACTION: December 11, 2004 – The Board of Regents approved the program statement for the Research Center of Excellence II (RCE II).

EXPLANATION: The proposed project will install a new 2500-ton electric centrifugal chiller in the UNMC East Utility Plant along with associated piping and accessories to serve the RCE II.

Campus chilled water production equipment operates near capacity on peak demand days. The proposed chiller will accommodate the estimated additional cooling load of the RCE II. The campus chilled water production system, providing air conditioning and technical equipment cooling for the Medical Center, will increase to seven chillers.

The program statement for the RCE II disclosed that the building would require increased utility production capacity including the possible installation of an additional chiller. The program statement further stated that an engineering and economic analysis of alternate utility schemes and equipment configurations would be completed during the design phase of the RCE II and proposed to the Board of Regents on a separate project.

PROJECT COST: \$4,000,000

ON-GOING FISCAL IMPACT: Operating and Maintenance No Change
2% Assessment None

SOURCE OF FUNDS: Capital and Program Reserve

SPONSOR: Donald S. Leuenberger
Vice Chancellor for Business & Finance

University of Nebraska Medical Center

DATE: August 17, 2006

TO: The Board of Regents Addendum VIII-B-3

Business Affairs

MEETING DATE: September 8, 2006

SUBJECT: Architect Selection for the Renovation of Bennett Hall at the University of Nebraska Medical Center

RECOMMENDED ACTION: Approve the Selection of Alley Poyner Architecture, P.C., to provide architectural design services for the Renovation of Bennett Hall at the University of Nebraska Medical Center (UNMC).

PREVIOUS ACTION: June 15, 2006 – The Board of Regents approved the program statement and budget for the renovation of Bennett Hall on the UNMC campus.

EXPLANATION: A committee consisting of the Assistant Vice President and Director of Facilities Planning & Management, three representatives from UNMC Business and Finance, and one representative from the UNMC School of Allied Health Professions has selected Alley Poyner Architecture, P.C., to provide architectural design services for the renovation of Bennett Hall. This firm was selected from a field of twelve firms submitting proposals for the project. All firms on the University of Nebraska list of certified architectural and engineering firms were initially contacted. A contract will be negotiated within the amount shown in the approved project budget.

The LB605 budget contained a lump sum allocation of \$22,500,000 toward the renovation of Poynter, Bennett, and Wittson Halls. Estimated budgets on the renovations were made by campus facilities personnel circa 2002. Since that time, construction materials prices and other external factors have combined to significantly increase building costs in excess of reasonably foreseeable inflationary amounts used to roll forward those budgets and create the allocations.

As a result, budgets approved by the Board against this level of allocation commitment to-date are Bennett - \$8,933,000 (budget approved in June, 2006), and Poynter - \$7,241,000 (agenda item IX-B-5), for a total of \$16,174,000. Medical Center officials plan to complete the renovation of the remaining project, Wittson, (original estimate of \$10,500,000) by combining the remaining LB605 allocation (\$6,326,000) with other funding sources and by managing the Wittson build-out through strategic space planning. One example of this planning includes renovating more Wittson space for office and clinical purposes rather than research space, which will be available in RCE II.

PROJECT COST: \$8,933,000

ON-GOING FISCAL IMPACT:	Operating and Maintenance 2% Assessment	No Change \$178,660

TO: The Board of Regents Addendum IX-A-1

Academic Affairs

MEETING DATE: September 8, 2006

SUBJECT: Department of Emergency Medicine

RECOMMENDED ACTION: Approval is requested to establish a Department of Emergency Medicine in the College of Medicine at the University of Nebraska Medical Center (UNMC).

PREVIOUS ACTION: None

EXPLANATION: Emergency Medicine is a relatively new specialty. The first residencies were started in the early 1970's, and it became the 23rd specialty recognized by the American Board of Medical Specialties in 1979. The first academic Department of Emergency Medicine was established in 1971 at the University of Southern California. To date, 72 academic institutions have distinct departments of Emergency Medicine, including the University of Iowa, the University of Minnesota, and Mayo Medical School.

At the University of Nebraska Medical Center, Emergency Medicine was a section of the Department of Internal Medicine until 1987, when it became a section of the Department of Surgery. The Section has undergone tremendous growth in the last ten years, and has become a key contributor to the stated vision, mission, and values of both UNMC and of The Nebraska Medical Center.

The Section of Emergency Medicine has been active in “delivering state-of-the-art health care”, with the clinical volume having increased from 22,000 visits at University Hospital delivered by 7 faculty members (all but one below the associate professor rank) in 1997, to 60,000 visits at two emergency facilities provided by 19 faculty members (including two professors and three associate professors) in 2005. The dedicated faculty play a key role in the trauma, stroke and burn programs of the institution and provide care to the community's underserved population.

In seeking to ‘prepare the best educated health professionals and scientists’, in 2004, the Section started the first Emergency Medicine Residency Program in the Great Plains region with 18 residents in a 3-year program. The rural Emergency Medicine rotation in Scottsbluff is an example of using our statewide campus. Section faculty educate 50 off-service residents and 50 medical students in the Emergency Department each year, and also teach first year medical student Problem Based Learning group.

The function of the Department of Emergency Medicine will be to further align itself with the vision and mission of UNMC in order to provide

excellent medical care, educate health professionals, expand areas of research, and advance our commitment to community health. Because of the multidisciplinary nature of the Department of Emergency Medicine, the Department will work closely with other departments to assure the quality of patient care and medical education.

In the area of clinical care, the Department of Emergency Medicine practices in a new state-of-the-art Emergency Department, that will be the busiest in the region. Our Department will become the benchmark for clinical outcomes, through-put and service, and patient satisfaction. We will accomplish this by recruiting and retaining the most qualified emergency physicians available and by working collaboratively with the hospital and nursing staff. We will expand our involvement in Emergency Medicine Services, toxicology, bioterrorism, health informatics and trauma services.

This proposal has been approved within the College of Medicine and by the Council of Academic Officers.

PROJECT COST:

No new state funding will be sought to support the Department of Emergency Medicine. The resources and expenses associated with the former Section of Emergency Medicine will be transferred to the new Department of Emergency Medicine. All funding for ongoing expenses has been identified from existing internal sources.

Academic Affairs

MEETING DATE: September 8, 2006

SUBJECT: Discontinue the UNL Panhandle Learning Center

RECOMMENDED ACTION: Approval to discontinue the UNL Panhandle Learning Center

PREVIOUS ACTION: None

EXPLANATION: For a number of reasons the programs and services provided by the UNL Panhandle Learning Center (PLC) are no longer needed or are available by other means. This Center was established in 1987 to support delivery of UNL distance education courses and programs to western Nebraska. Additionally, non-credit management and leadership training for businesses and organizations and community development programming were offered through the Center. The PLC is part of the Panhandle Research & Extension Center operation at Scottsbluff, Nebraska, and is jointly funded by the UNL Extension and Extended Education & Outreach.

With the technological evolution in delivery modes and changes in learning preferences for distance education courses during the last five years, the need for on-site classrooms and student support services at the PLC no longer exist. For more than 10 years, distance-learning credit courses and degree programs were delivered with satellite technology to area students who traveled to classrooms at the PLC to take UNL classes. Starting around 2000, UNL began transitioning to on-line delivery of distance education courses.

Additionally, with the opening of the Harms Advanced Technology Center at Western Nebraska Community College (WNCC), there is no longer the demand for the PLC, non-credit educational programs offered by the PLC to the local business community. The PLC has provided quality non-credit educational programs to the local business community; however, to cover costs the PLC prices must exceed those of WNCC. The enrollment in PLC workshops declined while WNCC enrollments increased. PLC ceased on-site non-credit programs in June 2005 and credit courses now are offered via internet-based delivery. Accordingly, it is proposed the PLC be discontinued and resources be redirected to higher priority arenas.

The Director of the Panhandle Research & Extension Center (PHREC) has informed and interacted with community leaders about discontinuing the PLC and reports that these community leaders do not object to this action.

The PLC has three staff that will be impacted by the Center discontinuation. One employee retired February 23, 2006, and the PHREC Director and Associate Vice Chancellor for Extended Education & Outreach will work with the two remaining staff members to reassign them or to assist them in searching for other comparable employment. Savings will be reinvested in high priority programs at the PLC.

DATE:

August 24, 2006

TO: The Board of Regents Addendum IX-B-1

Business Affairs

MEETING DATE: September 8, 2006

SUBJECT: Repeal of Regents' Policy on Health Care for Tenured Early Retirees

RECOMMENDED ACTION: Approve the repeal of RP- 4.2.5: Health Care Policy for Tenured Early Retirees.

PREVIOUS ACTIONS: August 30, 2003–The Board of Regents approved the 2003 Retirement Incentive Program for Tenured Faculty. This was a temporary policy that encompassed retirements between January 6 and June 30, 2003.

November 22, 1997–The Board of Regents approved a Health Care Policy for Tenured Early Retirees that is embodied in the policy which is repeated in its entirety below:

RP-4.2.5 Health Care Policy for Tenured Early Retirees

Following the retirement of individuals on a continuous appointment who are at least 59.5 years of age, with ten (10) years of prior service, the University will pay the full amount of the retiree's annual health insurance (including the portion previously paid by the faculty member) for those who continue to enroll in the University-sponsored health plan. Payments will continue until the participant is Medicare eligible, at which time they will cease. Those who wish to participate in this program must provide a notice of intention to retire a semester ahead of time for academic year employees and six (6) months ahead of time for twelve (12) month appointees.

It is anticipated that this program will remain in effect for at least the next five (5) years, and there is no intent to adopt other early retirement programs for those on continuous appointments during this period.

EXPLANATION: The 1997 plan was created to provide incentives to faculty considering early retirement to relinquish their property right of tenure in exchange for health benefits. The program was to have ended with the introduction of the 2003 plan.

The 2003 plan was designed with the same goals as the 1997 plan. The 2003 plan contained a tolling date of June 30, 2003. Intentions to retire must have been received by that date.

The recent decision of the U.S. Court of Appeals for the Eighth Circuit in *Jankovitz v. Des Moines Independent Community School District*, 421 F.3d 649, 201 Ed. Law Rep. 428, held that a retirement incentive plan very similar to the University's 1997 plan violated the federal Age

Discrimination in Employment Act, because it arbitrarily denied plan benefits to employees 65 years of age and older. The University's 1997 plan also denies benefits to tenured faculty who are 65 years of age and older, and if it were challenged under the federal Age Discrimination in Employment Act, the *Jankovitz* decision would be controlling authority.

There currently is not an early retirement plan in existence, but the presence of RP-4.2.5 within the *Policies of the Board of Regents* has created the misconception that the program and some entitlement to subsidized health insurance (paid by their respective departments) is still in place. This agenda item, if approved, will delete that policy in its entirety. This change will allow Chancellors, Deans and Directors flexibility in dealing with persons wishing to surrender their tenure.

MEETING DATE: September 8, 2006

SUBJECT: Program Statement and Budget for the South Stadium Office Building Renovation for Computer Science and Engineering at the University of Nebraska-Lincoln

RECOMMENDED ACTION: Approve the Program Statement and Budget for the South Stadium Office Building Renovation for Computer Science and Engineering at the University of Nebraska-Lincoln (UNL).

PREVIOUS ACTION: None

EXPLANATION: Renovation of the interior of the South Stadium Office Building to consolidate a portion of the Computer Science and Engineering (CSE) Department will allow for increased support for research and scholarly activity and encourage interdisciplinary, intercampus, and interinstitutional collaboration, all of which are strategic priorities at UNL. Currently, CSE is housed in three separate buildings on and off campus. The consolidation of a portion of the CSE program spaces will benefit the collaborative and space needs of this growing program by relocating the programs adjacent to other CSE programs housed in the newly renovated Avery Hall. The project will also provide expanded growth space for the PrairieFire computer that is currently housed off-campus.

Proposed start of construction January 2007
Proposed completion of construction November 2007

PROJECT COST: \$3,000,000

ON-GOING FISCAL IMPACT: Annual Operating Costs (to be included in the FY 08 Budget) \$288,000
2% Assessment 60,000

DATE: August 17, 2006

University of Nebraska-Lincoln (UNL)
Renovation of the South Stadium Office Building
For Computer Science and Engineering
Program Statement

Campus: UNL-City Campus
Date: August 3, 2006
Prepared by: UNL Facilities Planning

Phone Number: 472-3131

1. Introduction

a. Background and History

In August of 2004, the Department of Computer Science and Engineering (CSE) moved into the newly renovated Avery Hall building. The Avery Hall renovation project provided space for both CSE and the Mathematics and Statistics Department; however, it could not accommodate all of the programmatic space needs of CSE. To meet these space needs the department currently occupies additional space on campus in Ferguson Hall and the 501 Building and leases off-campus space in the Lincoln Square Building to house the UNL Research Computing Facility (RCF) and the PrairieFire computer.

Since the Avery Hall project was completed, student enrollment has continued to increase and CSE has undergone dramatic growth in its research program. The PrairieFire supercomputer was at one time one of the fastest computers in the world; however, space limitations at Lincoln Square have constrained its expansion.

The space allocated to CSE in the renovated Avery Hall and other buildings is also widely dispersed and not conducive to the collaborative needs of the program.

b. Project Description

The proposed project will renovate the South Stadium Office Building, consolidating the remote departmental sites.

The South Stadium Office Building is located under the seating of the south end zone of Memorial Stadium. The University Athletic Department currently occupies the entire building. The construction of the North Stadium Improvement Project will allow the Athletic Department to vacate the first and second floors and part of the ground level of the building by January of 2007. Occupancy of the renovated South Stadium Office Building by CSE is anticipated for the fall of 2007.

Existing football locker rooms on ground level in the South Stadium Office Building will be retained for use as the new visiting team locker room.

c. Purpose and Objectives

The purpose and objectives of this project include the following:

- Consolidate CSE programs and space in the South Stadium Office Building and nearby Avery Hall
- Vacate existing spaces in the Lincoln Square Building, Ferguson Hall and the 501 Building
- Renovate the South Stadium Office Building to provide efficient facilities to serve CSE
- Redesign the main (south) façade of the building to modernize the appearance of the building and reflect its new role for teaching and research

2. Justification of the Project

a. Data that supports the funding request

CSE has evolved over the past several years from a primarily theoretical computer science program to an applied program. This change has been driven by the changing makeup of the CSE faculty, significant funding opportunities in applied computer science and the increasing availability of low-cost hardware, low-cost or public-domain software, and public-domain operating systems.

An applied computer science research program requires substantially more space than a theoretical program. Although CSE has been highly successful in competing for external funding (with 51 active grants exceeding \$13.25 million for the 2005-2006 academic year), growth of the department's research space is necessary to maintain momentum and move the department to the next level of excellence. The department's success in hiring and retaining outstanding faculty is tied to the quality and quantity of research space that UNL can provide. The RCF provides computational services to a broad range of UNL faculty who use computing to advance research in their disciplines. This includes the PrairieFire computer that is housed in the Lincoln Square building. The RCF users continue to press for enhanced capabilities to further their research. The RCF will be housed in the South Stadium Office Building.

The vision that drives research in CSE is to be internationally recognized as a pioneer in the development and deployment of innovative computing and information technology by conducting state-of-the-art research in software engineering, informatics, and systems. CSE strives to be a leader in the development of cyber infrastructure environments that bring together computing, applications, data, networking, instrumentation, visualization, and collaboration to enable new opportunities for scientific and engineering discovery, learning, and decision making. This leadership will enable the University to be a valued and strategic partner with

other organizations as international cyber infrastructure environments evolve in most disciplines, in business, and in policy decisions.

As noted above, CSE has identified three major research areas that are critical in achieving a vision of leadership in cyber infrastructure. The areas are:

- Informatics (including bioinformatics and geoinformatics)
- Software engineering
- Computer Systems

Developing cyber infrastructure environments requires an equally advanced research environment. The CSE research facility must provide:

- Space that is adaptable to changing technological and human needs
- Fluid, collaborative work space
- Communal areas where faculty and students can interact
- Space for computing infrastructure such as the RCF

Although the CSE space need was partially addressed as part of the Avery Hall renovation, the additional research space needs cannot be accommodated in the existing building without compromising the needs of the Mathematics and Statistics program.

The proximity of the South Stadium Office Building to Avery Hall consolidates CSE space into two adjacent locations that will prove to be more conducive to the collaborative needs of the program than the current situation.

b. Alternatives considered

An addition to the north side of Avery Hall was considered; however, it would have restricted future expansion of Memorial Stadium and compromised pedestrian and vehicular circulation in the immediate vicinity. The total project cost for the addition to Avery Hall was estimated to be between \$5 and \$8 million.

3. Location and site considerations

a. County

Lancaster

b. Town or campus

University of Nebraska-Lincoln City Campus

c. Proposed site

d. Statewide building inventory number:
51ZZ0052900B

e. Influence of project on existing site conditions

(1) Relationship to neighbors and environment

The relationship of the building to the adjacent buildings will be not be impacted.

(2) Utilities

The building is currently connected to campus chilled water, steam, electrical and telecommunication systems. The existing electrical service to the building will be relocated and upgraded as part of this project.

(3) Parking and circulation

Parking and circulation will be modified to create a landscaped plaza at the entrance of the building. The proposed site modification will not result in the loss of any parking stalls.

4. Comprehensive plan compliance

a. University of Nebraska Strategic Framework

The project complies with the objectives of the University of Nebraska Strategic Planning Framework 2005-2008:

- *“Increase external support for research and scholarly activity”*
CSE has been highly successful in competing for external funding and this project will allow the department to maintain its momentum and expand its research opportunities.
- *“Increase undergraduate and graduate student participation in research and its applications”*
The ability to recruit and retain high quality undergraduate and graduate students and place them in cutting-edge research facilities is a critical factor for expanding CSE’s research capability.
- *“Encourage interdisciplinary, intercampus and interinstitutional collaboration”*
CSE is currently collaborating with several UNL units and departments including but not limited to many of UNL’s science and engineering departments, various IANR organizations, Music, History, Education, Psychology, Water Initiative, and the Public Policy Center. Consolidating CSE and improving the quality of research facilities will make interdisciplinary collaboration more accessible and more visible to a wider audience.

b. Strategic Agenda of the University of Nebraska-Lincoln

- *“Actively work to sustain UNL’s national standing as a Carnegie Foundation Research I University”*
- *“Support interdisciplinary clusters of research and creative excellence that respond to Nebraska’s High priority needs”*
- *“Ensure compliance with federal and state standards of accessibility, environmental quality and work place safety in all UNL operations”*
- *“Provide appropriate facilities and equipment for high priority research and graduate program.”*

c. UNL Campus Master Plan

The South Stadium Office Building has been identified in the 2006 Master Plan update to be converted to academic use. The project is consistent with the concepts and intent of the document and does not conflict with any proposed future land use.

5. Analysis of existing facilities

a. Functions/purpose of existing programs as they relate to the proposed project

The existing space at the Lincoln Square Building houses the RCF and the PrairieFire computer. The majority of the space is office facilities for faculty, staff, and graduate research assistants.

The 501 Building houses Graduate Teaching and Research Assistant office space.

Ferguson Hall houses the remainder of CSE’s teaching and research spaces that could not be accommodated in the Avery Hall renovation project.

b. Square footage of existing areas

Existing Locations	Net Assignable Square Feet (NASF)	
Lincoln Square	9,100 NASF	
501 Building	3,796 NASF	
Ferguson Hall	3,401 NASF	
Total		16,297 NASF

Proposed Location		
South Stadium	18,434 NASF	
Total		18,434 NASF

c. Utilization of existing space by facility, room, and/or function

See section 5. a. of this document.

d. Physical deficiencies

- (1) The existing laboratories in Ferguson Hall are too small and lack adequate infrastructure to support the current level of research.
- (2) The remote location of the RCF in the Lincoln Square Building does not foster collaboration and requires that some faculty and research maintain offices on campus and at Lincoln Square.
- (3) The location of graduate student offices in the 501 Building limits interaction with faculty and researchers.

e. Programmatic deficiencies

Current facilities do not have adequate space for anticipated program growth.

f. Replacement cost of existing facility

\$6,041,050

6. Facility requirements and the impact of the proposed project

a. Functions/purpose of the proposed program

(1) Activity identification and analysis

Space Use Category	Space Use Name	No. of Spaces	Net Assignable Square Feet (NASF)	Total NASF
200	Laboratory Facilities			
210	Class Laboratories	3	1,759	
250	Research Laboratory	3	1,881	
	Category 200 Totals			3,640
300	Office Facilities			
310	Office Facilities	37	10,113	
350	Conference Room	2	509	
	Category 300 Totals			10,622
700	Support Facilities			
710	Computer room	1	3,108	
715	Computer Room Service	1	1,064	
	Category 700 Totals			4,172
	Total NASF			18,434

(2) Projected Occupancy level

	Existing	Projected
Faculty	12	14
Staff	15	25
Student Research and Teaching Assistants	60	80

b. Space requirements

(1) Square footage by function

See table in section 6. a. (1) of this document.

(2) Basis for square footage/planning parameters

The square footages were prepared by RDG Planning and Design based on existing space utilization and anticipated programmatic growth.

(3) Square footage difference between existing and proposed areas

The proposed space in South Stadium allows programmatic growth for grant-funded computing facilities.

c. Impact of the proposed project on existing space

(1) Reutilization and function

Existing space vacated by CSE in Ferguson Hall and the 501 Building will be reassigned to other university departments. The lease at the Lincoln Square Building will be terminated.

(2) Demolition

Not applicable

(3) Renovation

The amount of renovation required in Ferguson Hall and the 501 Building is dependent on the proposed reuse.

7. Equipment Requirements

a. List of available equipment for reuse

(1) Existing office furniture and computers

(2) Tables, chairs, and equipment from teaching and research laboratories

(3) The PrairieFire computer will be relocated by CSE

b. Additional equipment

A complete list of equipment required will be developed in the design stage of the project.

8. Design Considerations

a. Construction

The South Stadium Office Building is a three story structure built in 1972. The exterior of the building is reinforced ribbed concrete block. The floor and roof structure of the building are metal bar joist with concrete deck. Construction type of the building as defined by the International Building Code is 2-B-Non-combustible.

The façade of the building will be modified to modernize its appearance and reflect its new use for teaching and research. The building entrance and lobby area will be enhanced and expanded. The site and landscaping will be reconfigured to augment the new entrance.

Renovation of the interior of the building for CSE occupancy will incorporate the existing construction and finish materials to the fullest extent possible.

- The ground level will be renovated to house the computer machine room. The computer room will have a raised, accessible floor system. The existing football locker room will remain to serve as a visiting team locker room and will be secured from the remainder of the building occupied by CSE.
- The first floor and second floor will be adapted for faculty and staff offices and for teaching and research labs.

b. Heating and cooling systems

The existing dual-duct, constant-volume air terminal units, duct distribution systems, and pneumatic based control systems will be reused and modified to accommodate the new floor plan layouts.

The central air handling equipment, heating hot water pumps, heat exchangers and chilled water utilities currently located at the ground level mechanical room will remain without modification. In the area of the new computer room, additional supplemental cooling equipment will be added to accommodate the increased heat load.

The existing plumbing systems supporting the current Sports Medicine and Trainers area will be removed.

The existing elevator system will remain without modification.

c. Electrical System

New electrical service will be provided to the building to accommodate increased loads resulting from the new computer room and other equipment.

The existing receptacle locations will be removed or modified to accommodate any required demolition of partition walls. Electrical devices and appurtenances not reused in the areas vacated by Sports Medicine and trainers' offices will be removed.

New receptacles, voice/data rough-in locations, light fixtures and lighting controls will be installed or relocated as needed for new floor plan layouts and re-purposed areas.

d. Life Safety/ADA

The existing fire detection and alarm system and fire protection sprinkler system will be modified as necessary to accommodate new floor plan layouts.

e. Historic or architectural significance

Not applicable

f. Artwork

Artwork is not required for a non-state funded project.

g. Phasing

This project is intended to be built in a single phase of construction.

h. Future expansion

The renovation will allow future modifications or expansion of the building as the needs and funding of the department and University evolve. The former Athletic Department film room on second floor will not be renovated as part of this project and will be available for CSE expansion space.

9. Project budget and fiscal impact

a. Cost estimates criteria

(1) Identify recognized standards, comparisons, and sources used to develop the estimated costs

The estimated scope and probable costs of the project were developed by RDG Planning and Design and by Sinclair Hille Architects based on past comparative

construction cost data from similar constructed facilities.

- (2) The University of Nebraska Foundation provided \$3,000,000.
 - (3) Gross square feet (GSF)
 - (a) Ground Floor 7,338 GSF
(Excluding the locker room space that Athletics will retain)
 - (b) First Floor 12,008 GSF
 - (c) Second Floor 9,203 GSF
(Excluding the space that will not be renovated)
 - (d) Total GSF 28,549 GSF
 - (4) Net assignable square feet (NASF) 18,434 NASF
- b. Total Project Cost
- (1) Total project cost per gross square foot \$105
 - (2) Construction cost per gross square foot \$88

(3) Probable Construction Costs

Construction Costs			
	General Contractor	\$1,875,000	
	Utilities Contractor	\$135,000	
	EMCS, Card Access, Fire Alarm and Security Systems, and Landscaping	\$247,000	
	Special Testing	\$5,000	
	Telecommunications	\$50,000	
	Construction Contingency	\$202,000	
	Subtotal Construction Costs		\$2,514,000
Non-construction costs			
	Movable Equipment	\$70,000	
	A&E Basic Services	\$173,000	
	A&E Reimbursable Expenses	\$14,000	
	Project Management	\$74,000	
	Land Survey and Geotechnical Consultants	\$21,000	
	Risk/Quality Management	\$8,000	
	Builders Risk	\$1,000	
	Moving and Relocation	\$70,000	
	Signage	\$10,000	
	Printing, Advertising, Mailing, and Custodial Equipment	\$23,000	
	Non-construction Contingency	\$22,000	
	Subtotal Non-Construction Costs		<u>486,000</u>
Total Project Costs			<u>\$3,000,000</u>

- c. Fiscal Impact based upon first full year of operation
 - (1) Estimated additional operational and maintenance costs per year
\$288,000
 - (2) Estimated additional programmatic costs per year
None
 - (3) Applicable building renewal assessment charges
\$60,000

10. Funding

- a. Total funds required
\$3,000,000
- b. Project Funding Source
Trust Funds
- c. Fiscal year expenditures for project duration

2006-2007	\$1,342,000
2007-2006	\$1,471,000
 Total Expenditures (See Note)	 \$2,813,000

(Note: The balance of \$3,000,000 project cost, \$187,000, constitutes A&E fees and reimbursable expenses paid directly to the architects by the Foundation.)

11. Time line

- | | |
|--|----------------|
| Approval of Program Statement and budget by Board of Regents | September 2006 |
| Completion of construction documents | November 2006 |
| Start of construction | January 2007 |
| Substantial completion of and occupancy of building | November 2007 |

12. Higher Education Supplement

- a. CCPE review will be required.

b. Method of contracting

The contracting method will be low-bid general contractor. The project is well under the threshold for a CM-GMP project and is too large to be given a unit price contractor.

Barkley Memorial Center Building Addition
Program Statement

Campus: UNL-East Campus
Date: August 3, 2006
Prepared by: UNL Facilities Planning

Phone Number: 472-3131

1. Introduction

a. Background and History

The major programs on the UNL campus preparing teachers and clinicians to work with children with special needs were brought together through funds from the William A. and Edna E. Barkley trust. Governor James J. Exon approved the plans for construction of the \$1.3 million, 34,000 square foot Barkley Memorial Center in April, 1974. In 1978, the Department of Speech Pathology and Audiology was transferred administratively from the College of Arts and Sciences to Teachers College. The Department of Speech Pathology and Audiology and the Department of Special Education were merged into the Department of Special Education and Communication Disorders in 1984.

The Barkley Memorial Center is now a 56,114 square foot building that was built in three phases. The first phase was dedicated in September 1976 and the second phase was dedicated in April 1986. At the September 24, 1976 dedication, Dr. Roy A. Young, Chancellor of UNL, wrote, "In years to come, the Barkley Foundation's continued support and services to the Barkley Memorial Center will assure the University of ongoing leadership in each of the areas served by the Department of Speech Pathology and Audiology, the Division of Special Education, and the Specialized Office for the Deaf and Hard of Hearing." Grants to supplement regular budget funds made it possible for special studies and research as well as workshops and conferences that now cannot be accommodated within the current facility. The third phase was completed in June of 2003, adding three floors on the north side of the building. The 4,400 gross square feet project provided four project rooms and six faculty and graduate assistant offices.

b. Project Description

The project will construct a three-story addition to the Barkley Memorial Center on the northeast side of the building. The proposed 10,500 gross square foot addition will provide research labs, office space, and seminar/research areas. A portion of the second floor of the Barkley Memorial Center will be renovated to accommodate outreach services, increased and updated clinical research space, and client/patient privacy concerns. The current clinic area is a 30-year-old facility that no longer allows state-of-the-art student preparation and research.

c. Purpose and Objectives

This project has three purposes: (1) increase research capacity, (2) enhance clinical education and applied clinical research and outreach, and (3) provide adequate space for graduate students to expand research capacity.

2. Justification of the Project

a. Data that supports the funding request

The primary need driving this project is the need for more research labs to house existing and anticipated externally funded projects. The lab space of one professor who conducts a significant amount of research is currently scattered across two floors and three rooms, one of which is located in the Speech-Language and Hearing Clinic office area. The lab of another professor is in an area that will no longer accommodate his equipment and the lab space of a third is at an off-campus facility. It is anticipated that some additional lab equipment for this individual will move to the Barkley Memorial Center and thus, his lab space will be inadequate. The department is searching for an additional endowed chair. This individual will need research space because the job qualifications require the individual to bring external funding to the position and generate research funds.

Several research programs require substantially more research space due to the size of equipment and the populations being studied. These include infants and small children who are accompanied by parents and other individuals with disabilities. Although the Department of Special Education and Communication Disorders has been successful in competing for external funding (with 25 active grants exceeding \$1.8 million this academic year), additional research space is necessary to maintain momentum and move the department to the next level of excellence. The department's success in hiring and retaining outstanding faculty will be positively influenced by the quality and quantity of research facilities that UNL can provide.

The number of externally funded grants currently exceeds the space capacity of the building resulting in unrelated functions being housed in shared research lab/project space. For example a project that prepares students to become transition specialists for school-to-work or school-to-postsecondary education for students with disabilities is housed with a project that prepares paraeducators to become special educators. A full-time temporary lecturer's office is housed in the same space. Traffic is dense in this area with 40 full- and part-time students who need to work with project staff, as well as undergraduate students from four classes, who need to meet with their instructor who come and go throughout the day.

The Speech-Language and Hearing Clinic has compliance concerns with the Health Insurance Portability and Accountability Act (HIPAA) and the Family Educational Rights and Privacy Act (FERPA) and does not reflect state-of-the-art service delivery

space. The Speech-Language and Hearing Clinic is a 30 year-old facility and consists mainly of small individual rooms without electronic observation capability and is space which no longer reflects current practice.

Additionally, the Center is out of workspace for full-time students and teaching and graduate assistants. For example, there are up to 18 graduate students housed in a 176 square foot office sharing 11 desks. Plans are to increase to 25 full-time students in the fall of 2006. Full-time student enrollment continues to grow with increasing applications for both the M.S. speech-language pathology and Doctorate of Audiology (Au.D.) programs. Space for graduate students has been reallocated to research functions because of increased grant activity.

A 2020 Vision: The Future of Research and Graduate Education at UNL suggests that UNL and the colleges and programs within UNL must "renew the research environment" (p.41). As suggested in 2020 rewards, structures, and supports must be provided. The first support is adequate working space. The 2020 report also suggests that we must increase graduate support (p.38). The department no longer has the capacity to provide adequate physical support for programs or the physical environment to provide high-quality programs for its students or for its faculty. This impairs recruitment of students and faculty and also the ability to retain strong faculty (p.35-39). If the Department of Special Education and Communication Disorders is to succeed in addressing the goals of increasing graduate support, we must provide a healthy working environment for students and faculty whom we wish to attract to study and work in the department.

The report also identifies support for faculty careers and to capitalizing on faculty strengths (p.42-43-45). The department has a strong success record in attracting external funding that must be supported. The last two years have seen over \$1.5 and \$1.8 million in external funding. The total for these two years is more than that for the previous three years. When seeking external monies, the capacity of the program to house and support projects is a crucial factor in determining whether proposals are funded.

In summary, the benefits of the project include:

- renewing the research environment
- promoting UNL's research and graduate studies missions
- increasing external funding to support programs
- capitalizing on faculty strengths
- maintaining a strong faculty
- increasing graduate student support
- enhancing flexibility in response to new opportunities

b. Alternatives considered

Alternative locations for additions on the north or the south side of the existing Barkley Memorial Center would displace parking, significantly increase project cost, and would also disrupt the on-going operation of the building during construction.

3. **Location and site considerations**

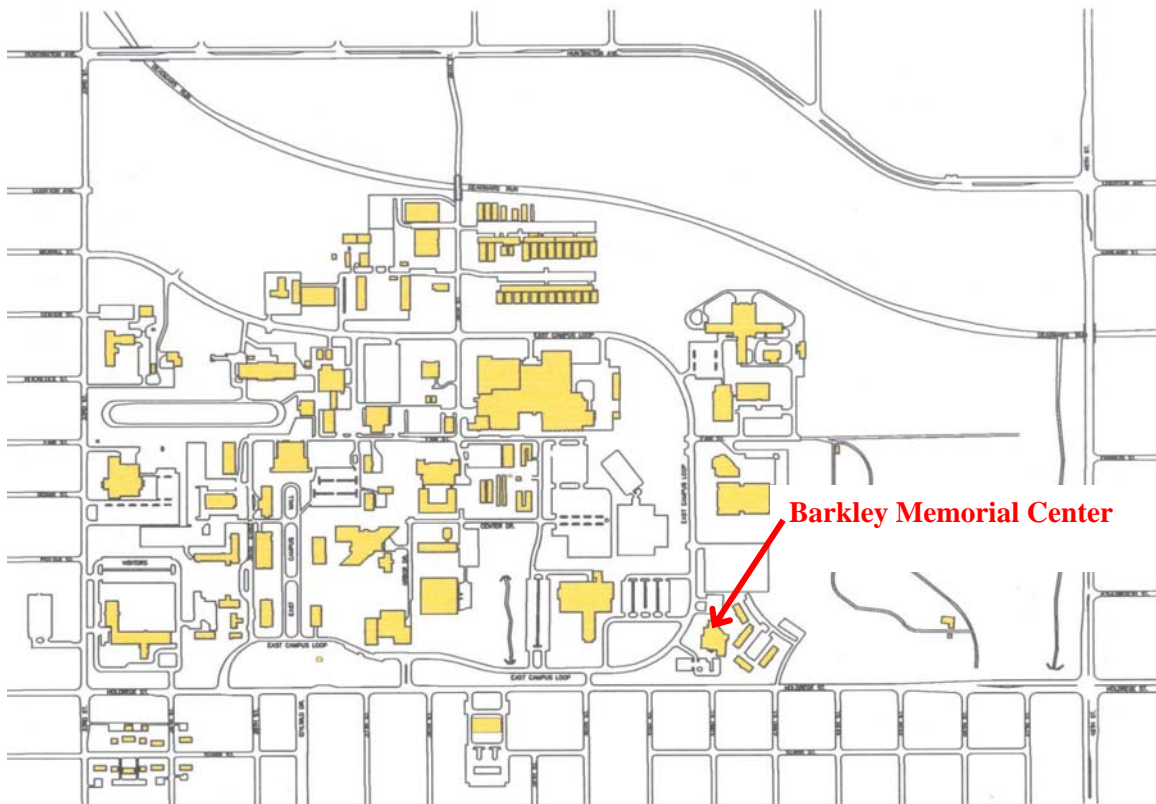

a. County

Lancaster

b. Town or campus

University of Nebraska-Lincoln East Campus

c. Proposed site

d. Statewide building inventory number:

51ZZ0054900B

e. Influence of project on existing site conditions

(1) Relationship to neighbors and environment

The relationship of the building to the adjacent buildings will not be affected.

(2) Utilities

The building addition will be served by existing campus utilities: steam, chilled water, telecommunications, etc.

(3) Parking and circulation

Parking and circulation will not be affected.

4. Comprehensive plan compliance

a. University of Nebraska Strategic Framework

The project complies with the objectives of the University of Nebraska Strategic Planning Framework 2005-2008:

- *“Increase external support for research and scholarly activity.*
- *“Increase undergraduate and graduate student participation in research and its application.”*
- *“Improve the quantity and quality of research space through public and private support.”*
- *“Connect Nebraska cities, institution, region and communities through university programs.”*
- *“Maximize and leverage non-state support.”*
- *“Develop and provide support for nationally and internationally competitive graduate and professional programs in areas of research and creative excellence.”*

b. Nebraska Coordinating Commission of Postsecondary Education (CCPE)

The project supports the following objectives contained in the CCPE *Comprehensive Plan for Postsecondary Education*:

- *“Collaboration and cooperation between higher education institutions and public and private agencies can enhance an institution’s programs and services and provide efficient use of resources.”*
- *“Higher education institutions will work as partners with one another and with other entities whenever possible to share resources and deliver programs cooperatively to enhance learning opportunities for Nebraska residents.”*

c. UNL Campus Master Plan

The project is consistent with the concepts and intent of the document and does not conflict with any proposed future land use.

5. Analysis of existing facilities

a. Functions/purpose of existing programs as they relate to the proposed project

The Barkley Memorial Center houses two major programs: The Speech-Language and Hearing Clinic, and the Department of Special Education and Communication Disorders. Each of these programs will benefit from the renovation project by added and improved quality of space. The proposed building addition will provide much needed research and office space. The renovation work on the second level of the building will greatly improve the patient privacy in the Speech-Language and Hearing Clinic and make the space much more usable for patients of all ages and abilities.

b. Square footage of existing areas

	Gross Square Feet (GSF)	
First Floor	19,030	
Second Floor	19,492	
Third floor	17,592	
Total		56,114 GSF

c. Utilization of existing space by facility, room, and/or function

The first floor of the building houses the audiology clinic anechoic chambers, three large classrooms, numerous research laboratories, and the department Resource Library. The second floor of the building is the primary space of the Speech-Language and Hearing Clinic and includes research laboratories and administrative and faculty office space. The third floor of the Barkley Memorial Center houses the departmental administrative offices, faculty and graduate student office space, a small lecture hall, a student computer laboratory, meeting and seminar rooms, and research project work rooms.

d. Physical deficiencies

- The existing clinical patient observation/therapy rooms on second floor are too small and do not comply with HIPAA regulations.
- The existing laboratory and project work room space can not support the current research activities.
- Space for graduate student offices is inadequate.

e. Programmatic deficiencies

Current facilities do not have adequate space for anticipated program growth.

- f. Replacement cost of existing facility

\$9,742,600

6. Facility requirements and the impact of the proposed project

- a. Functions/purpose of the proposed program

- (1) Activity identification and analysis of new construction

Space Use Category	Space Use Name	No. of Spaces	Net Assignable Square Feet (NASF)	Total NASF
200	Laboratory Facilities			
250	Research Laboratories	5	4750	
	Category 200 Totals			4,750
300	Office Facilities			
300	Offices	9	1460	
	Conference Room	2	640	
	Category 300 Totals			2,100
	Total NASF			6,850

Non assignable Space				
	Accessible restroom	1	120	120
	Custodial closet	3	60	180
	Mechanical Room	1	500	500

- (2) Projected Occupancy level

	Existing	Projected
Faculty	31	34
Post Doctorate	3	5
Staff	25	29
Doctorial and Graduate Students	83	94

b. Space requirements

(1) Square footage by function

See Table in section 6. a. (1) of this document

(2) Basis for square footage/planning parameters

Square footage planning for this project has been based on established university space guidelines and user requirements.

(3) Square footage difference between existing and proposed areas

Not applicable

c. Impact of the proposed project on existing space

(1) Reutilization and function

Not applicable

(2) Demolition

Not applicable

(3) Renovation

Approximately 6,300 square feet of the second floor will be renovated to address HIPAA concerns and improve heating, ventilation, and air conditioning. Existing observation corridors will be eliminated and clinical rooms will be enlarged to serve research programs better. These changes will facilitate research with infants and small children who are accompanied by parents and other individuals with disabilities.

7. Equipment Requirements

a. List of available equipment for reuse

A detailed list of available equipment and furniture to be reused will be developed during the design phase. Laboratory equipment and furnishings will be funded separately by external grant.

8. Special Design Considerations

a. Construction Type

Construction will comply with UNL Design Guidelines for Facilities and the 2006 International Building Code requirements.

b. Heating and cooling systems

The new addition will be served by a new central variable volume air handling unit with return air capability. The system will include a perimeter heat system and preheat coils in the air handling unit. Campus steam will be piped to a hot water heat exchanger for building heating. Central plant chilled water will be piped to a plate and frame heat exchanger to provide building cooling. The central air handling equipment, heating-hot-water pumps, heat exchangers, and chilled water utilities will be located in a new ground level mechanical room.

Standard UNL direct digital thermostat and associated controls will be installed in each room in the addition. These thermostats will also be connected to the lighting in all areas except corridors to provide efficient use of lighting energy. Lighting and ventilation shall be shut off when the spaces are not occupied to conserve energy.

c. Life Safety/ADA

The proposed facility renovation will be designed in accordance with the most current version of National Fire Protection Agency 101 - Life Safety Code. The fire alarm system for the entire building will be upgraded as part of this project.

The renovated area of the building will be accessible under the terms of the Americans with Disabilities Act.

d. Historic or architectural significance

Not applicable

e. Artwork

Not applicable

f. Phasing

This project is intended to be built in a single phase of construction.

g. Future expansion

The Barkley Memorial Center is constrained on the east side by the relatively close proximity of the University Park Apartments complex. University Housing has considered the possibility of replacing the complex. This would provide the Barkley Center ample space for a major future addition.

9. Project budget and fiscal impact

a. Cost estimates criteria

- (1) Identify recognized standards, comparisons, and sources used to develop the estimated costs.

The estimated probable costs of the project were developed based on past comparative construction cost data for UNL projects and from a preliminary cost estimate received from Tempest cost estimating consultant.

- (2) The estimate was prepared in July 2006 and was escalated at 5% per year to a mid-point of construction date of November of 2007.

- (3) Gross square feet (GSF)

New construction	10,500 GSF
Renovation	6,300 GSF
Total	16,800 GSF

- (4) Net assignable square feet (NASF) new construction 6,850 NASF

b. Total Project Cost

- (1) Total project cost per gross square foot \$279
- (2) Construction cost per gross square foot \$245

(3) Probable Construction Costs

Construction Costs		
General Contractor	\$3,465,000	
EMCS, Card Access, Fire Alarm and Security Systems	\$302,000	
Telecommunications	\$21,000	
Construction Contingency	\$339,000	
Subtotal Construction Costs		\$4,127,000
Non-construction costs		
Movable Equipment	\$0	
Special & Technical Equipment	\$0	
A&E Basic Services	\$290,000	
A&E Reimbursable Expenses	\$23,000	
Project Management	\$124,000	
Other Consultants	\$34,000	
Risk/Quality Management	\$14,000	
Signage	\$3,000	
Custodial Equipment, Printing, Advertising, Mailing and Misc.	\$36,000	
Non-construction Contingency	\$38,000	
Subtotal Non-Construction Costs		\$562,000
Total Project Costs		<u>\$4,689,000</u>

c. Fiscal Impact based upon first full year of operation

- (1) Estimated additional operational and maintenance costs per year
\$93,960
- (2) Estimated additional programmatic costs per year
No additional programmatic funding will be required.

(3) Applicable building renewal assessment charges
\$93,780

10. Funding

a. Total funds required

\$4,689,000

b. Project Funding Source

Trust Funds

c. Fiscal year expenditures for project duration

2006-2007	\$ 353,000
2007-2008	\$4,336,000
Total Expenditures	\$4,689,000

11. Time line

Approval of Program Statement and budget by Board of Regents	September 2006
Completion of Design Development documents	March 2007
Start of construction	August 2007
Substantial completion of and occupancy of building	August 2008

12. Higher Education Supplement

a. Coordinating Commission of Post Secondary Education (CCPE) review will be required.

b. Method of contracting

The contracting method will be low-bid general contractor. The project is well under the threshold for a CM-GMP project and is too large to be given a unit price contractor.

TO: The Board of Regents Addendum IX-B-4

Business Affairs

MEETING DATE: September 8, 2006

SUBJECT: University of Nebraska Medical Center Facilities Development Plan

RECOMMENDED ACTION: Approve the University of Nebraska Medical Center 2006-2015 Facilities Development Plan.

PREVIOUS ACTION: July 17, 1999 – The Board accepted the concepts of the University of Nebraska Medical Center 1997 Physical Master Plan and 1999 Utilities Master Plan as amended June 5, 1999.

EXPLANATION: University of Nebraska Medical Center 2006-2015 Facilities Development Plan was presented to the Board of Regents at the Strategic Issues portion of the meeting. The presentation identified the overall campus facilities development goals and planning concepts for the next ten years. The building projects and other elements identified in the plan will come back to the Board for approval when it appears feasible to undertake them.

Members of the public and news media may obtain a copy of the Physical Master Plan in the Office of the University Corporation Secretary, 3835 Holdrege Street, Lincoln, Nebraska 68583, between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, except University holidays.

University of Nebraska Medical Center

DATE: August 17, 2006

TO: The Board of Regents Addendum IX-B-5

Business Affairs

MEETING DATE: September 8, 2006

SUBJECT: Program Statement and Budget for the Renovation of Poynter Hall at the University of Nebraska Medical Center

RECOMMENDED ACTION: Approve the Program Statement and Budget for the Renovation of Poynter Hall at the University of Nebraska Medical Center (UNMC).

PREVIOUS ACTION: June 15, 2006 – The Board of Regents approved the program statement and budget for the renovation of Bennett Hall on the UNMC campus.

EXPLANATION: The recent signing of LB 605 into law has made funds available for the renovation of Poynter Hall, Bennett Hall and portions of Wittson Hall on the UNMC campus. The first phase of this work, previously approved, is to renovate Bennett Hall. The proposed second phase of this work is to renovate Poynter Hall.

Poynter Hall is a six level masonry building that has been in service since its construction in 1912, and contains approximately 42,000 gross square feet of space. Prior to the opening of the Durham Research Center, Levels 3 through 6 of the building housed biomedical research labs that are now unsuitable for continuing use. The mechanical distribution, plumbing and electrical systems of the facility are generally obsolete or in poor condition and the building needs to be brought into compliance with current building, fire and life-safety, ADA and energy codes. The windows and portions of the mechanical system were replaced in 2000 with LB 1100 funds.

The structural configuration of Poynter Hall makes it more suitable for use as administrative type space than to renovate the existing labs. It is proposed to readapt floors 3 through 6 of Poynter Hall to provide space for a dedicated location for the conduct of patient-oriented research, graduate level education in clinical research, and the newly developed Minority Health Education and Research Office. Patient-oriented research is currently conducted in scattered locations across UNMC and Nebraska Medical Center facilities and lack the capacity to grow.

The proposed project will provide infrastructure to increase UNMC's capacity to compete for federally funded (NIH) clinical research grants and increase the number of investigators trained to conduct high-quality, patient-oriented clinical research. This facility will be key to UNMC's competitiveness for an NIH Clinical and Translational Science Award grant and will support recruiting new faculty with extramural grant funding.

Renovation will provide space for research affinity groups, including faculty investigator offices and research coordinator space in the disciplines associated with patient-oriented research and education, along with patient-oriented research support space. The building will continue to house operations for the Nebraska Anatomical Board in space on Levels 1 and 2 that has recently been upgraded. Other campus functions currently occupying

space temporarily on Levels 3 through 6 of the building will be relocated to space to be determined during the design phase.

The proposed interior renovation of approximately 20,000 net square feet of space on Levels 3 through 6 of Poynter Hall will renew 40-80 year old finish materials, update common space and corridors, and restore the building to code compliance and life safety standards. The building's obsolete mechanical distribution, electrical service will be updated and a new fire alarm and fire sprinkler system installed throughout the building.

The LB605 budget contained a lump sum allocation of \$22,500,000 toward the renovation of Poynter, Bennett, and Wittson Halls. Estimated budgets on the renovations were made by campus facilities personnel circa 2002. Since that time, construction materials prices and other external factors have combined to significantly increase building costs in excess of reasonably foreseeable inflationary amounts used to roll forward those budgets and create the allocations.

As a result, budgets approved by the Board against this level of allocation commitment to-date are Bennett - \$8,933,000 (budget approved in June, 2006), and through this item, Poynter - \$7,241,000, for a total of \$16,174,000. Medical Center officials plan to complete the renovation of the remaining project, Wittson, (original estimate of \$10,500,000) by combining the remaining LB605 allocation (\$6,326,000) with other funding sources and by managing the Wittson build-out through strategic space planning. One example of this planning includes renovating more Wittson space for office and clinical purposes rather than research space, which will be available in RCE II.

Proposed start of construction	July 2007
Proposed completion of construction	August 2008

PROJECT COST: \$7,241,000

ON-GOING FISCAL IMPACT:	Operating and Maintenance	\$ 35,000
	2% Assessment	144,820

SOURCE OF FUNDS: LB605 Funds

I. INTRODUCTION

A. Background and History

Poynter Hall is a six level masonry building containing 42,765 gross square feet of space that has been in service since its construction in 1912.

Prior to the opening of the Durham Research Center, levels 3 through 6 of the building housed research labs that are now unsuitable for continued use due to their poor condition. Some of the labs have been converted with minimal remodeling for use temporarily as research or administrative space pending an opportunity for complete renovation. The first two levels of the building are below grade and house operations space for the Nebraska Anatomical Board and miscellaneous support functions.

The mechanical distribution and electrical systems of the facility are generally obsolete or in poor condition and the building needs to be brought into compliance with current building, fire and life-safety, ADA and energy codes. The windows and portions of the mechanical system were replaced in 2000 with LB 1100 funds.

The recent signing of LB 605 into law has provided the opportunity to renovate Poynter Hall. Its structural configuration and proximity to education and research space in Wittson Hall, Bennett Hall and the Colleges of Nursing and Pharmacy make it more suitable and valuable to be readapted for use by functions that require administrative type space such as patient-oriented research and clinical research education rather than to renovate the existing labs.

Faculty investigators in all UNMC colleges engage in patient-oriented research, including physiologic, behavioral, genetic, and outcomes research as well as epidemiologic and population based investigations. Patient-oriented research is defined by the National Institutes of Health (NIH) as research conducted with human subjects (or on material of human origin such as tissues, specimens, and cognitive phenomena) for which an investigator directly interacts with human subjects. This area of research includes: 1) mechanisms of human disease; 2) therapeutic interventions; 3) clinical trials, and; 4) the development of new technologies.

This research is currently performed in scattered locations across the combined UNMC-Nebraska Medical Center facilities. Locations include hospital units, clinics, the Lied Transplant Center, faculty offices and laboratories, the Clinical Research Center in University Tower, a relatively small temporary space developed originally as collaboration between the former University Hospital and UNMC, at all College of Nursing locations, the College of

Pharmacy and the Cruzan Center for Dental Research at the College of Dentistry in Lincoln. Current facilities lack the capacity to grow patient-oriented research substantially.

B. Project Description

The proposed project will readapt floors 3 through 6 of Poynter Hall to provide a dedicated location for the conduct of patient-oriented research, provide space for graduate level education in clinical research, and provided space for the newly developed Minority Health Education and Research Office. Renovation will provide space for research affinity groups, including faculty investigator offices and research coordinator space in the disciplines associated with patient-oriented research and education, along with patient-oriented research support space. The facility will be designed to foster the intellectual exchange necessary for the collaborative, inter-professional format common to nationally and internationally recognized patient-oriented research programs.

The building will continue to house the operations space for the Nebraska Anatomical Board on level one, which has recently been upgraded, and the biomedical instrumentation facilities on level two. Other campus functions temporarily occupying space on levels 3-6 in the building will be relocated to more suitable locations.

The proposed interior renovation of approximately 20,000 net square feet of space on levels 3 through 6 of Poynter Hall will provide for the functional needs of the new occupants, renew 40-80 year old finish materials, update common space and corridors, restore the building to code and life safety standards, and update the building's telecommunications infrastructure. The building's obsolete mechanical distribution systems will be replaced. The electrical service will be updated and brought up to current code and a new fire alarm and fire sprinkler system installed throughout the building. The elevator serving the building is undersized, does not meet ADA and is in poor condition. A new elevator, appropriately sized to accommodate current accessibility requirements, connecting levels 2 through 6 will be installed. A new egress stair connecting levels 2 and 3 will be constructed directly to the south of the main stair providing a second means of egress from levels one and two. The original building's exit stairway will be refurbished and updated to meet current codes.

C. Purpose and Objectives

- Renovate Poynter Hall for continuing service.
- Readapt Poynter Hall into a dedicated facility for conducting grant funded patient-oriented research and clinical research education.

II. JUSTIFICATION OF THE PROJECT

A. Data That Supports the Funding Request

Poynter Hall was the first building constructed on the University of Nebraska Medical Center campus. Despite the buildings age, it is structurally sound and capable of being upgraded for continuing service. It is in a good location for research and education space due to its proximity to Wittson Hall, the Colleges of Nursing and Pharmacy buildings and the School of Allied Health Professions in Bennett Hall. Renovation of Poynter Hall will more economically provide space to accommodate the proposed functions than demolition followed by the construction of a new building.

The proposed project will provide infrastructure needed to increase UNMC's capacity to compete for federally funded (NIH) clinical research grants and increase the number of investigators trained to conduct high-quality, patient-oriented clinical research. Poynter Hall will provide new space where investigators can meet to discuss projects; new patient-oriented research trainees can learn about increasingly complex research techniques; new clinical research investigators can be trained, and existing investigators can receive continuing education and training. The building will also provide space and facilities to support the recruitment of new faculty with extramural grant funding. This facility will be key to UNMC's competitiveness for an NIH Clinical and Translational Science Award (CTSA) grant.

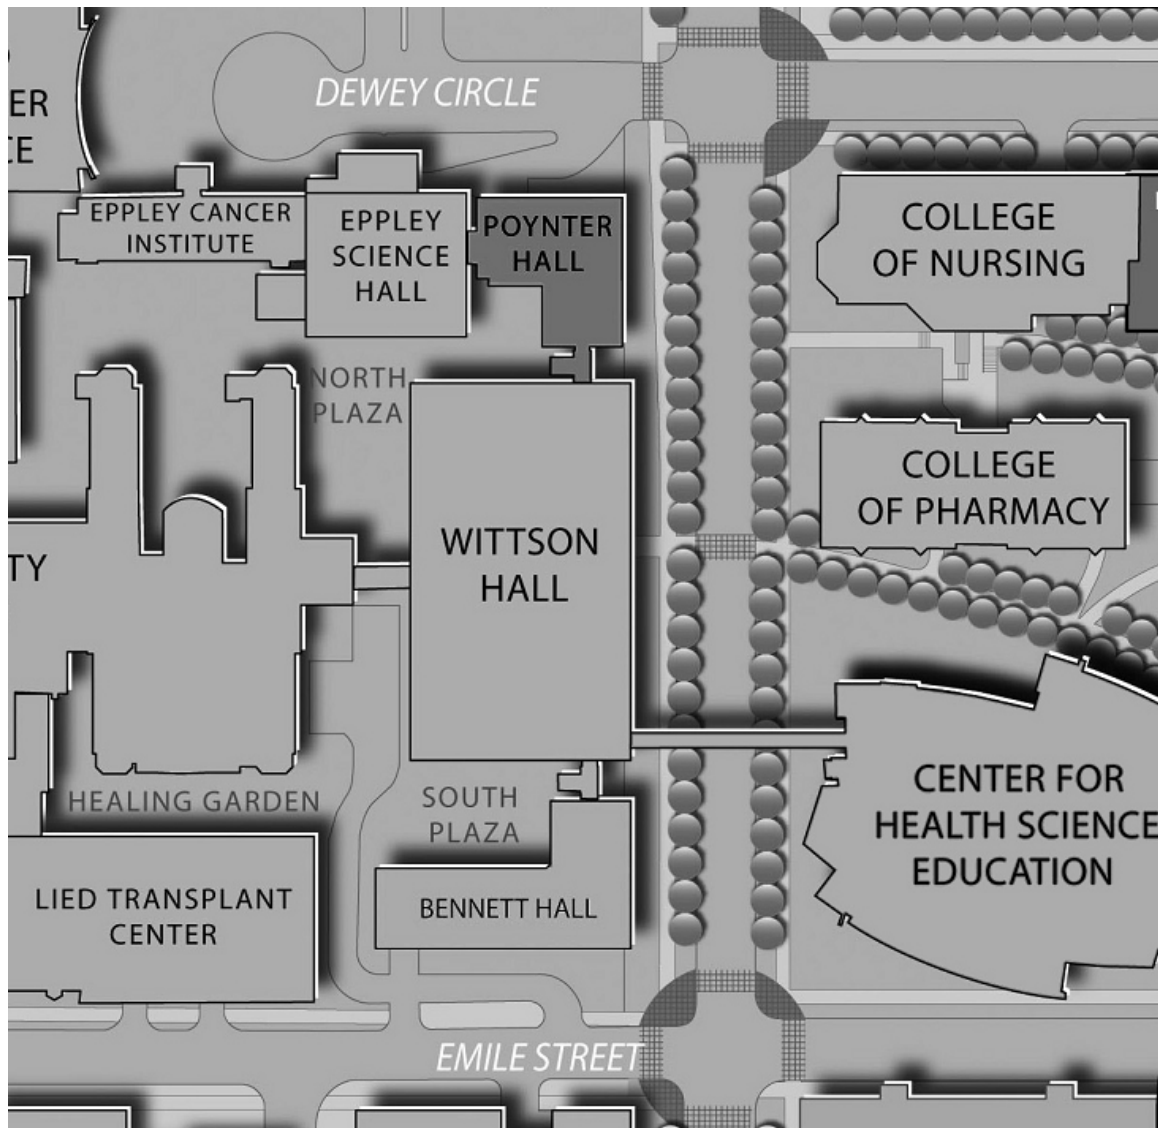

III. LOCATION & SITE CONSIDERATIONS

A. County: Douglas

B. Campus: University of Nebraska Medical Center, Omaha

C. Proposed Project Site:

Poynter Hall is located on the Southwest corner of 42nd Street and Dewey Circle and to the north of Wittson Hall. The site plan below identifies the building site on the UNMC campus.

D. Statewide Inventory: 398

E. Influence of project on existing site conditions

1. Relationship to Neighbors – The project's location in the existing Poynter Hall will not change its relationship to its neighbors. All existing entry points and inter-building circulation routes will be maintained.
2. Utilities – Existing steam and chilled water utility connections will be reused.
3. Parking & Circulation – The project will not alter existing parking, vehicular or pedestrian circulation.

IV. COMPREHENSIVE PLAN COMPLIANCE

The University of Nebraska Medical Center (UNMC) is the only public institution responsible for the education of health professionals in Nebraska. The mission of UNMC is to improve the health of Nebraska through premier educational programs, innovative research, the highest quality patient care and outreach to underserved populations.

A. University of Nebraska Strategic Framework

The project will support the objectives of the University of Nebraska Strategic Framework 2005-2008 with emphasis on goals 2a, 4a, b, c, e, and 6g.

B. University of Nebraska Medical Center Strategic Plan 2006-2009 (Applicable References)

Vision

The partnership of UNMC and the Nebraska Medical Center will be a world-renowned health sciences center that:

- Delivers state-of-the-art health care;
- Prepares the best-educated health professionals and scientists;
- Ranks among the leading research centers;
- Advances our historic commitment to community health;
- Embraces the richness of diversity to build unity;
- Creates economic growth in Nebraska.

Mission

The mission of the University of Nebraska Medical Center is to improve the health of Nebraska through premier educational programs, innovative research, the highest quality patient care, and outreach to underserved populations.

Clinical and Translational Science Award

UNMC's strategic plan supports the further development and expansion of patient-oriented research. A Clinical Research Center was first developed in 1996. The NIH has suggested that competitiveness for clinical investigation proposals requires a new approach and has initiated a new Request for Applications entitled a "Clinical and Translational Science Award" (CTSA) intended to create a "home" for patient-oriented investigations of all kinds on academic campuses. UNMC has submitted an NIH CTSA planning grant, and proposes that the renovated Poynter Hall will serve as a new and much needed home for patient-oriented research at UNMC.

C. UNMC Facilities Development Plan - The location for the proposed project is consistent with the concepts of the 2006-2015 Facilities Development Plan currently nearing completion.

- D. Consistency with Statewide / CCPE Plan - The Statewide Comprehensive Capital Facilities Plan states that individual capital construction projects will support institutional strategic comprehensive facilities plans.

V. ANALYSIS OF EXISTING FACILITIES

- A. Function and purpose of existing programs as they relate to the proposed project.

UNMC first established a Clinical Research Center in 1996 in collaboration with the former University Hospital. A small facility to perform complex clinical investigations was added in 1999. The NIH has now suggested that competitiveness for clinical investigation requires a new approach intended to create a centralized location for patient-oriented investigations.

The functions of a cohesive patient-oriented research center include:

1. Common space where investigators can examine, interview, conduct focus groups, and gather data or samples.
2. Faculty and staff offices and other spaces for research teams.
3. Space for trainees enrolled in a new masters' degree program including a conference room and library for seminars, space for mentor-trainee interactions, and continuing education.
4. A laboratory to receive, prepare, extract, send or analyze human samples, and storage for samples.
5. A computer cluster for investigators, trainees and other research personnel to access databases from across the country.

- B. Square Footage of Existing Spaces - The research space component of the proposed renovated space will be competitively assigned. Some patient-oriented research functions are currently housed in Poynter Hall, and will be reassigned to the proposed renovated and reconfigured space. The balance of the space to be renovated will supplement existing floor space.

- C. Utilization of Existing Space – Patient-oriented research in existing facilities frequent takes place in space primarily assigned to other functions that will remain in place.

- D. Physical Deficiencies – There is inadequate space for patient-oriented research across the UNMC Campus. Current patient-oriented research is scattered in many locations and there is little space available for the staff needed to support teams of clinical investigators. Common space allocated for data entry or access to distant community sites for new groups of patient-oriented investigators is lacking. A laboratory has been developed to perform research investigations, however it is presently physically separate from the inadequately sized Clinical Research Center. The primary offices and facilities of the College of Dentistry are located in Lincoln, and increasingly COD faculty collaborate with Omaha-based UNMC faculty, yet there is no facility that supports patient-oriented dental research in Omaha. The newly developed Minority Health Education and Research Office (MHERO) has inadequate space. Overall, there is a growing need for a larger and more consolidated space to support patient-oriented investigations on the UNMC Campus.

- E. Programmatic Deficiencies – Not applicable

F. Replacement cost of existing building – Approximately \$8,500,000

VI. FACILITY REQUIREMENTS

A. Functions & Purpose of Proposed Program

1. Activity Identification – The main activities within this building will be office space for administration, faculty, and staff related to patient-oriented research and clinical research education. There will also be clinical research education space.

2. Projected Occupancy, Use, Staffing

Personnel Projection	
Academic Administrative	24
Managerial Professional (including Post Doc/Masters Professionals)	24
Office/Service	6
Students	6
Total	60

B. Space Requirements of Proposed Project

1. Square Footage by Function

The following table summarizes the program requirements for the facility:

Use Code	Space	#	NASF each	Total NASF
1.0 Patient-oriented Research				
315	Reception	1	65	65
315	Waiting	1	300	300
315	Scheduling Desk	1	130	130
250	Exam Room, Large Research	2	200	400
250	Exam Room, Small Research	8	110	880
250	Dental Operatory, Research	1	150	150
250	Dental Operatory/Radiography, Research	1	175	175
250	Interview Room, Large	2	150	300
250	Interview Room, Small	3	110	330
250	Procedure Room	2	330	660
255	Phlebotomy Station	4	65	260
255	Nurse Charting	6	40	240
255	Intake Room	2	140	280
255	Work Area, Investigators	1	300	300
255	Toilet, Patient	1	70	70
250	Research Pharmacy	1	300	300
255	Storage, Research Pharmacy	1	150	150
255	Research Kitchen	1	150	150
251	Office, Workstation	16	65	1,040

POYNTER HALL RENOVATION

251	Office, Principal Investigator	5	130	650
251	Workroom	1	400	400
255	Storage, Data Document	2	450	900
410	Student Stations	6	35	210
250	Laboratory	1	1,000	1,000
255	Storage, Samples	1	500	500
255	Storage, Supplies	1	500	500
251	Office, Lab Manager	1	130	130
251	Office, Lab Technician	1	65	65
251	Office, Statistician	1	130	130
251	Office, Assistant	1	65	65
255	Server Room	1	400	400

2. Planning Parameters

Building spaces have been sized according to UNMC space guidelines and good architectural planning practices.

3. Difference Between Existing and Proposed – The proposed space is primarily supplemental to existing space.

C. Impact of the Project on the Program’s Existing Facilities

1. Reutilization – Minimal space currently occupied in various locations through the UNMC Campus will be reassigned to provide additional space for the College of Medicine.

2. Demolition – Only as required for renovation construction.

3. Renovation – An allowance for minor remodeling associated with relocation of functions currently occupying Poynter Hall is included in the project budget.

VII. EQUIPMENT REQUIREMENTS

A. List of available equipment for reuse – Not applicable

B. Additional Equipment

1. Fixed Equipment – Fixed equipment is included in the construction costs provided in Section IX.

2. Moveable Equipment – Furniture for classrooms and conference spaces will be provided. Existing office furniture will be re-used or budgeted by incoming departments. Classroom education technology requirements will be provided.

3. Special and Technical Equipment – An allowance is included in the project budget to equip common research related patient exam and procedure areas for basic needs. Any special equipment required for specific grants will be supplied by individual investigators.

VIII. SPECIAL DESIGN CONSIDERATIONS

A. Construction Type – The building is an existing reinforced concrete structure with a masonry load-bearing exterior. The building will be primarily a Business Occupancy classification. With a sprinkled building the interior corridors do not require fire rating, and dead-end corridors may be 50 feet.

B. Structural Systems – The existing building is constructed using 5” thick concrete slabs supported by concrete-encased steel beams. The exterior walls are load bearing, and the

- interior beams are supported by columns that bear on spread footings. A preliminary analysis indicates that the building has adequate live load capacity. Overall, the building appears to be in good condition, and there are no signs of significant settlement. The structural portion of the renovation of Poynter Hall will be focused primarily on replacement of the existing elevator and the addition of a stair from level 2 to level 3.
- C. Heating and Cooling Systems – The main Air Handling Unit will remain in place and new duct risers and horizontal distribution system including localized VAV boxes will be included. The existing steam and chilled water will be used to serve the entire building. The building control system will be the direct digital type and will be tied into the campus-wide energy management and control system.
 - D. Electrical Systems – A new 500 KVA 13.8 volt delta, 480/277 volt 3 phase 4 wire wye pad mount transformer will be located either in the lower level vault or at an acceptable exterior location, and a new 1600 amp main breaker switchboard will be installed. Dry type transformers shall be located at each level for 120/208 volt distribution. Lighting intensities will be based on the recommendations of the Illuminating Engineering Society and model energy code. All lighting fixtures should be premium grade.
 - E. Fire Alarm System – The fire alarm system will be replaced with a new supervised, 24 VDC fire detection and alarm system that includes addressable, intelligent, automatic and manual initiation devices and audio/visual alarm devices.
 - F. Telecommunications System – A complete pathway and cable system will be provided to serve voice and data system needs for the facility.
 - G. Life Safety/ADA – The facility will be designed in accordance with the latest version of the International Codes 2003 Edition, All applicable NFPA 101-2000 and the ADAAG published July 2004 and the October 1994 NAG.
 - H. Historic/Architectural Significance – Poynter Hall was the first building constructed on the UNMC campus and originally housed the College of Medicine.
 - I. Artwork – The artwork budget is consistent with Board of Regents art policy.
 - J. Phasing – The proposed project is planned to bid as a single contract. Current plans call for phasing construction work to allow for minimal disruption and relocation of existing functions. The project construction sequence will be determined during the design phase.
 - K. Future Expansion – Not applicable

IX. PROJECT BUDGET & FISCAL IMPACT

- A. Cost Estimate Criteria
 - 1. Standards/ Sources - The projected construction cost was developed by an outside consultant applying standard construction cost methodology to actual costs of similar buildings in the Omaha region.

POYNTER HALL RENOVATION

2. Year, Month, Inflation Factor – The project cost estimate was completed in July 2006. The cost estimate then assumes a 5% annual inflation factor from July 2006 to the midpoint of construction.
3. Gross & Net Square Feet

Building Efficiency	
Net Square Feet, Renovation	19,505
Net Square Feet, Existing to remain	5,298
Interior Gross Square Feet, Renovation	32,434
Building Gross Square Feet	42,765
Building Efficiency	57.7%

4. Project Cost & Construction Cost per Gross Square Foot

Unit Cost Data	
Project Cost/GSF	\$169.32
Construction Cost/GSF	\$140.94

TOTAL PROJECT COST 7,241,000

C. Fiscal Impact

FISCAL IMPACT	Amount
Operational & Maintenance costs per year	\$35,000
Annual Additional Programmatic Cost	No additional impact
Applicable building renewal assessment charges – 2% of project cost	\$144,820

X. FUNDING INFORMATION

A. Total funds required is \$7,241,000

B. Project Funding Sources:

FUNDING SOURCES	Amount	% Total
State Funds	\$7,241,000	100%
Other Funds		
Total	\$7,241,000	100%

C. Fiscal year expenditures

FISCAL YEAR	EXPENDITURES
FY 2006-2007	\$500,000
FY 2007-2008	\$6,141,000
FY 2008-2009	\$600,000

XI. TIMELINE

Program Statement Approval by Board of Regents	September 2006
Architect Selection	November 2006
Design Development Complete	March 2007
Construction Documents Complete	June 2007
Receive Bids	July 2007
Contract Award/Start Construction	July 2007
Mid-Point Construction	February 2008
Substantial Completion	August 2008

XII. HIGHER EDUCATION SUPPLEMENT

A. CCPE Review – CCPE review will be required.

B. Method of Contracting

1. Method – The contract for the new facility will be competitively bid and awarded to the lowest responsible general contractor.
2. Rationale for Method Selection – Bidding conditions in the Omaha construction market are currently favorable, and are expected to remain favorable through the time when the project is bid.

TO: The Board of Regents Addendum IX-B-6

Business Affairs

MEETING DATE: September 8, 2006

SUBJECT: Interlocal Cooperation Agreement between the City of Omaha and the University of Nebraska Medical Center for a Feasibility Study to Relocate Saddle Creek Road on the western edge of the campus, the associated budget and the selection of an engineering consultant

RECOMMENDED ACTION: Approve an Interlocal Cooperation Agreement with the City of Omaha, associated budget and the selection of HDR Engineering, Inc., as engineering consultant, to complete a feasibility study for the relocation of Saddle Creek Road on the western edge of the University of the Nebraska Medical Center (UNMC) campus.

PREVIOUS ACTION: None

EXPLANATION: As a result of funding approved through the 2006 Transportation Appropriations Bill, UNMC has been awarded funding through the Nebraska Department of Roads to initiate a feasibility study to evaluate and analyze the relocation of Saddle Creek Road.

The City of Omaha will participate with UNMC throughout the feasibility study, including the coordination for the reimbursement of funds through the Nebraska Department of Roads. In addition, the study will include the participation of the Missouri-Papio NRD, the Nebraska Medical Center and the Nebraska Department of Roads

The study will investigate roadway relocation options and consider the benefits and impact of the realignment of Saddle Creek Road on transportation improvements including the junction with Dodge Street, environment, drainage improvements for flood control, adjacent neighborhoods and area businesses along with community and economic development opportunities in addition to future campus development for the University of Nebraska Medical Center. Significant utility issues exist in the Saddle Creek Road corridor, and will be considered in a comprehensive sense within the study framework.

This feasibility study will be done in parallel with other city transportation studies in the area that are investigating ways to improve traffic flow and economic opportunities for midtown Omaha.

The proposed interlocal agreement has been reviewed and approved as to form and content by the Office of the University General Counsel.

A committee consisting of the Assistant Vice President and Director of Facilities Planning & Management, and one representative each from UNMC Business and Finance, the Nebraska Medical Center, The

Missouri-Papio NRD and the City of Omaha has selected HDR Engineering, Inc. to provide engineering consulting services to complete the feasibility study. This firm was selected from a field of six firms submitting proposals for the project. All firms on the University of Nebraska list of certified architectural and engineering firms were initially contacted. A contract for the initial study with options to proceed into design engineering, at the option of UNMC, will be negotiated within the limits of grant funding.

Members of the public and the news media may obtain a copy of the proposed agreement with the City of Omaha in the Office of the University Corporation Secretary, 3835 Holdrege Street, Lincoln, Nebraska 68583, between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, except University holidays.

PROJECT COSTS: \$1,000,000 (Maximum funding reimbursement through Nebraska Department of Roads State Project No. DPU-5051 (5) and State Control No. 22231)

ON-GOING FISCAL IMPACT: None

SOURCE OF FUNDS: Federal Funds

DATE: August 17, 2006

TO: The Board of Regents Addendum IX-B-7
Business Affairs

MEETING DATE: September 8, 2006

SUBJECT: Financing for the Michael F. Sorrell Center for Health Science Education project at the University of Nebraska Medical Center

RECOMMENDED ACTION: Approve the attached Resolution for the Michael F. Sorrell Center for Health Science Education (the Sorrell Center) Project which (1) approves the issuance of not to exceed \$40,000,000 principal amount of Lease Rental Revenue Bonds, Series 2006 (UNMC Sorrell Center Project) by The University Nebraska Facilities Corporation pursuant to a Trust Indenture, and (2) authorizes the execution and delivery of a Site Lease, a Lease-Purchase Agreement, a Continuing Disclosure Agreement, a Tax Compliance Agreement, an Inducement Letter and a Preliminary Official Statement in connection with the sale of such Series 2006 Bonds, (3) authorizes the sale of such Series 2006 Bonds at a negotiated sale pursuant to a Bond Purchase Agreement and authorizes the Vice President for Business and Finance to determine interest rates (not to exceed a true interest cost of 5.00%), principal amounts, principal maturities and redemption provisions of such Series 2006 Bonds, and (4) approves the preparation and use of a final Official Statement.

PREVIOUS ACTION: March 3, 2006 – The Board approved the naming for the Center for Health Science Education (CHSE) at the University of Nebraska Medical Center the Michael F. Sorrell Center for Health Science Education.

January 20, 2006 –The Board received the design development report and approved proceeding with building construction and remaining activities to complete the CHSE project.

November 11, 2005 - The Board approved the initiation of site leveling and foundation pilings for the CHSE project.

June 5, 2004 – The Board approved the architect selection and interim funding for campus data processing relocation for the CHSE project.

December 13, 2003 - The Board approved the program statement and budget for the CHSE project.

July 12, 2002 - The Board of Regents received the latest Six Year Capital Plan representing the highest University building priorities that included the CHSE building.

EXPLANATION: The project entails the construction of the Sorrell Center which allows the University of Nebraska Medical Center to move closer to achieving its goal of being recognized as a world-class academic health science center.

The state-of-the-art Sorrell Center creates educational space at the UNMC campus. This 134,183 square foot education facility will house technologically enhanced classrooms, patient-focused clinical skills

laboratories, a multi-purpose conference space for continuing education and important student interaction space. The Sorrell Center will also allow enhanced interdisciplinary educational opportunities for students while creating a “heart of the campus” and a hub of campus activity at the front door to campus at 42nd and Emile Streets.

The University of Nebraska Facility Corporation Bonds funding the project will be issued with a final maturity of up to 15 years with most of the bonds maturing in the first 8 years. Current bond market conditions would provide an average interest rate of something less than 5.00% on the Bonds. The annual debt service (principal and interest) for the Series 2006 Bonds will match the anticipated receipt of the private donations and the other funding sources (currently ranging from \$1 million to \$15 million in any given year).

Members of the public and the news media may obtain a copy of the proposed documents in the office of the University Corporation Secretary, 3835 Holdrege Street, Lincoln, Nebraska 68583, between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, except University holidays.

RESOLUTION

I.

BE IT RESOLVED BY THE BOARD OF REGENTS OF THE UNIVERSITY OF NEBRASKA (the “**Board**”) that (a) the Site Lease (the “**Site Lease**”) between the Board, as lessor, and The University of Nebraska Facilities Corporation (the “**Corporation**”), as lessee, dated the date determined jointly by the Vice President for Business and Finance and the Secretary/Treasurer of the Corporation, in the form attached hereto as **Exhibit A** and made a part hereof by reference, and (b) the Lease-Purchase Agreement (the “**Lease Agreement**”) between the Board, as lessee, and the Corporation, as lessor, dated the date determined jointly by the Vice President for Business and Finance and the Secretary/Treasurer of the Corporation, in the form attached hereto as **Exhibit B** and made a part hereof by reference, both with respect to constructing, acquiring, equipping and furnishing the Michael F. Sorrell Center for Health Science Education on the campus of the University of Nebraska Medical Center (the “**2006 UNMC Sorrell Center Project**”) for the use of the Board, which Site Lease and Lease Agreement are hereby approved, adopted, ratified and affirmed together with such changes, additions, deletions or modifications as the Chair of the Board, University counsel and bond counsel shall approve as being in the best interests of the Board and the University of Nebraska.

II.

BE IT FURTHER RESOLVED BY THE BOARD that the issuance, sale and delivery by the Corporation of its Lease Rental Revenue Bonds, Series 2006 (UNMC Sorrell Center Project) in an aggregate principal amount not to exceed \$40,000,000 dated the date determined jointly by the Vice President for Business and Finance and the Secretary/Treasurer of the Corporation (the “**Bonds**”), pursuant to the Trust Indenture between the Corporation and a financial institution having trust powers selected jointly by the Vice President for Business and Finance and the Secretary/Treasurer of the Corporation (the “**Trustee**”) dated the date determined jointly by the Vice President for Business and Finance and the Secretary/Treasurer of the Corporation, a copy of which is attached hereto as **Exhibit C**, the terms of which and of the Bonds are hereby approved, adopted, ratified and affirmed, together with such changes, additions, deletions or modifications as

the Chair of the Board, University counsel and bond counsel shall approve as being in the best interests of the Board and the University of Nebraska.

III.

BE IT FURTHER RESOLVED BY THE BOARD that the Vice President for Business and Finance is hereby authorized and directed to approve the sale of the Bonds at a negotiated sale at a true interest cost not to exceed five percent (5.00%) to Ameritas Investment Corp. (the “**Underwriter**”) pursuant to (a) a Bond Purchase Agreement between the Corporation and the Underwriter and (b) an Inducement Letter from the Board to the Corporation and the Underwriter, each dated the date determined jointly by the Vice President for Business and Finance and the Secretary/Treasurer of the Corporation, in the forms presented to the Board as **Exhibit D** and **Exhibit E**, respectively, and made a part hereof by this reference, which Bond Purchase Agreement and Inducement Letter are hereby adopted, ratified, affirmed and approved, together with such changes or modifications as the Chair of the Board, University counsel and bond counsel shall approve as being in the best interests of the Board and the University of Nebraska. The Vice President for Business and Finance, on behalf of the Board, is hereby authorized and directed to approve the principal amount of Bonds to be issued (not to exceed \$40,000,000) and the principal maturities, interest rates and redemption provisions thereof and to take all necessary actions and execute all necessary documents to effect the sale of the Bonds.

IV.

BE IT FURTHER RESOLVED BY THE BOARD that the Preliminary Official Statement of the Corporation with respect to the Bonds, dated the date determined jointly by the Vice President for Business and Finance and the Secretary/Treasurer of the Corporation, in the form presented to the Board as **Exhibit F**, together with such changes, additions, deletions or modifications as the Chair of the Board, University counsel and bond counsel shall approve as being in the best interests of the Board and the University of Nebraska, and the final Official Statement to be dated as of the date of sale with respect to the Bonds, which final Official Statement shall include the terms of the Bonds, are hereby approved and authorized for delivery to the purchasers of the Bonds.

V.

BE IT FURTHER RESOLVED BY THE BOARD that (a) the Tax Compliance Agreement dated the date determined jointly by the Vice President for Business and Finance and the Secretary/Treasurer of the Corporation among the Board, the Corporation and the Trustee to satisfy the requirements the Internal Revenue Code of 1986, as amended, and the applicable regulations thereunder with respect to the Bonds in the form attached hereto as **Exhibit G** and made a part hereof by reference, and (b) the Continuing Disclosure Agreement dated the date determined by the Vice President for Business and Finance between the Board and the Trustee to satisfy the requirements of Rule 15c2-12 of the Securities and Exchange Commission with respect to the Bonds in the form attached hereto as **Exhibit H** and made a part hereof by reference, are each hereby approved, adopted, ratified and affirmed together with such changes, additions, deletions or modifications and the Chair of the Board, University counsel and bond counsel shall approve as being in the best interests of the Board and the University of Nebraska.

VI.

BE IT FURTHER RESOLVED BY THE BOARD that the members and officers of the Board and the officials of the University of Nebraska, or any of them, be, and they hereby are, and each of them hereby is, authorized and directed to take any and all action including the execution of all papers, certificates, receipts and documents, they or any of them may deem necessary or desirable to effectuate, in accordance with the terms of this Resolution, the delivery of and payment for the Bonds.

VII.

BE IT FURTHER RESOLVED BY THE BOARD that all actions heretofore taken for or on behalf of, or in the name of the Board, by any of the members or officers thereof or by any officers of the University of Nebraska with respect to the authorization or offering for sale of the Bonds are hereby validated, ratified and confirmed.

TO: The Board of Regents Addendum IX-B-8

Business Affairs

MEETING DATE: September 8, 2006

SUBJECT: Agreement by and between the University of Nebraska at Omaha, Sanitary Improvement District #531 of Douglas County Nebraska, and NS – The Heritage, L.L.C.

RECOMMENDED ACTION: Approve an agreement by and between the University of Nebraska at Omaha (UNO), SID #531, and NS – The Heritage, L.L.C. (NS) for a permanent sanitary sewer easement and temporary sewer construction easement through the UNO's Allwine Prairie and fence improvements.

PREVIOUS ACTION: None

EXPLANATION: The boundaries of the Heritage Subdivision within SID #531 will abut UNO's Allwine Prairie, a native prairie preserve, on the west, north, and approximately two-thirds of its east boundary.

UNO shall grant to SID #531 a permanent sanitary sewer easement and a temporary construction easement to construct and maintain an outfall sanitary sewer line through Allwine Prairie, the course and plans for which are subject to the prior approval of UNO.

SID #531 shall pay UNO \$275,000 for the permanent easement and \$25,000 for the construction easement.

UNO, SID #531 and NS shall also jointly design and plan for the construction of a fence to be funded by NS.

The proposed agreement has been reviewed and approved as to form and content by the Office of the University General Counsel.

Members of the public and news media may obtain a copy of the proposed agreement in the Office of the University Corporation Secretary, 3835 Holdrege Street, Lincoln, Nebraska 68583 between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday except University holidays.

PROJECT COST: None

The dotted line indicates approximate location of the proposed sanitary sewer line. The dashed line indicates the portions of the preserve boundary for which fencing will be provided. Details of both the sewer location and the fencing will be coordinated with UNO.

C. FOR INFORMATION ONLY

1. Strategic Framework. Addendum IX-C-1
2. This proposed amendment of the *Bylaws of the Board of Regents* providing for adoption of a new Section 4.4.8 relating to Faculty Practice Appointments and Faculty Research Appointments is presented for information purposes only in accordance with the requirements of Section 1.11 of the *Bylaws of the Board of Regents*. Approval of this new section will be requested at the Regents' meeting on November 3, 2006. Addendum IX-C-2

INVESTING IN NEBRASKA'S FUTURE

Strategic Planning Framework -- Accountability Measures

An Implementation Tool for the Board of Regents and University Leadership

2005-2008

The University of Nebraska is a four-campus, public university which was created and exists today to serve Nebraskans through quality teaching, research, and outreach and engagement. The future of the State of Nebraska is closely tied to that of its only public university, and this framework will guide university-wide and campus planning to help build and sustain a Nebraska that offers its citizens educational and economic opportunity and a high quality of life.

The framework consists of six overarching goals emphasizing access and affordability, quality programs, workforce and economic development, research growth, engagement with the state, and accountability. Each goal has a number of related objectives which will be prioritized, and strategies and accountability measures will be developed for Board and university-wide monitoring over a multi-year period.

The university's efforts will not be limited to these priorities, as we expect to be able to measure progress in other areas given the interrelatedness of the objectives, other priorities of the Board and the President, and the mature and/or ongoing strategic planning efforts of the four campuses. Each campus has established a set of quality indicators with metrics that provide a means to evaluate achievement and momentum related to many of these objectives. Additional indicators will be developed to address each objective consistent with campus missions.

1. The University of Nebraska will provide the opportunity for Nebraskans to enjoy a better life through access to high quality, affordable undergraduate, graduate and professional education.

a. Maintain an affordable cost of education.

i. *Secure state funding sufficient to support excellent programs.*

1-Year Target (FY05-06)	3-Year Target (FY07-08)
Develop strategies, budget scenarios and case/support materials.	Achieve state funding that meets or exceeds HEPI index.

ii. *Keep tuition increases moderate and predictable.*

1-Year Target (FY05-06)	3-Year Target (FY07-08)
5%	No greater than 9% (FY06-07) * No greater than 8% (FY07-08) *

* In absence of more specific projections, tuition targets assume state appropriations will continue at current growth percentages (6.1% in FY06-07) throughout FY07-08. If state appropriation in FY06-07 remains at the currently-approved level (6.1%), and if FY07-08 state appropriation for the University also increases 6.1%, then the tuition increase would be limited in FY06-07 to no more than 9-percent and to no more than 8-percent in FY07-08, the amounts required to fund the Board of Regents' initiatives at the level requested for the current biennium

iii. *Increase support for need-based financial aid.*

1-Year Target (FY06-07) *	3-Year Target (FY08-09) *
TBD next fiscal year	TBD next fiscal year

* *Accountability measures to be set next fiscal year*

b. Increase the percentage of Nebraska high school graduates who enroll at and graduate from the university.

i. *The University of Nebraska shall increase its overall enrollment.*

1-Year Target (FY05-06)	3-Year Target (FY07-08)
0.8%	1.5% annually

ii. *Each campus shall exceed the average undergraduate freshman-to-sophomore retention rate of its peer institutions.*

iii. *Each campus shall maintain or reach the average undergraduate six-year graduation rate of its peer institutions.*

1-Year Target (FY05-06)	3-Year Target (FY07-08)
Each campus will maintain or show progress toward reaching the average six-year graduation rate of its peers.	Each campus will maintain or reach the average six-year graduation rate of its peers.
All prospective and current undergraduate students will be regularly informed and assisted in obtaining the benefit of the University's graduation guarantee.	All prospective and current undergraduate students will be regularly informed and assisted in obtaining the benefit of the University's graduation guarantee.

iv. *Each campus shall endeavor to increase the enrollment of students of color, employing measures permitted by state and federal law.*

v. *The university shall engage in partnerships with other higher education institutions, K-12, and the private sector to increase the overall college going rate in Nebraska.*

- c. Increase the percentage of persons of color and the economically disadvantaged who enroll at and graduate from the university, employing measures permitted by state and federal law.
- d. Expand lifelong educational opportunities, including those for non-traditional and transfer students.
- e. Promote adequate student preparation for and success in higher education.

2. The University of Nebraska will build and sustain undergraduate, graduate and professional programs of high quality with an emphasis on excellent teaching.

a. Recruit and retain exceptional faculty and staff, with special emphasis on women and persons of color.

i. *Faculty salaries and incentives (awarded on the basis of merit) and fringe benefits should exceed the average of peer institutions.*

1-Year Target (FY05-06)	3-Year Target (FY07-08)
Develop a plan to so that each campus exceeds the midpoint of its peers in faculty salaries by FY 2009.	Demonstrate significant progress toward goal of each campus exceeding the midpoint of its peers in faculty salaries by FY 2009.
Award all salary increases on the basis of merit.	Once the midpoint of peers has been exceeded, establish an exceptional merit fund to provide additional incentives related to performance.

ii. *Each campus shall conduct campus climate surveys and minimize the differences in assessment of climate among various groups of employees, especially women and persons of color.*

- iii. *Each campus shall endeavor to exceed the average of its peers in the proportion of the faculty who are women or persons of color, employing measures permitted by state and federal law.*
- iv. *Secure enactment of the Distinguished Professorship Act (LB 47).*
- b. Pursue excellence in programs where the university can be a regional, national and/or international leader.
- c. Pursue excellence in programs aligned with the long-term interests of the state.
 - i. *Determine key areas of future workforce demand and strengthen or develop curricula and programs in alignment with those areas.*

1-Year Target (FY05-06)	3-Year Target (FY07-08)
Compile and present appropriate data on Nebraska's demonstrated and projected workforce needs from state, business and industry groups, and university sources.	Align programs to meet workforce needs.

- ii. *Develop educational programs that prepare students for the flexibility required to respond to the uncertainty of future workforce demands.*
 - iii. *Develop distance education and other educational programs that permit Nebraskans to transition from industries with declining opportunities to meet future workforce demands.*
 - d. Achieve university-wide and campus priorities through the strategic allocation of resources.
3. The University of Nebraska will play a critical role in building a talented, competitive workforce and knowledge-based economy in Nebraska in partnership with the state, private sector and other educational institutions.
- a. Work to stem and reverse the out-migration of graduates and knowledge workers.
 - b. Increase proportion of Nebraska high school students ranking in the top 25 percent of their classes that attend the University of Nebraska.
 - i. *Increase enrollment of Nebraska students ranked in top 25% of their high school class.*

1-Year Target (FY06-07) *	3-Year Target (FY08-09) *
TBD next fiscal year	TBD next fiscal year

* *Accountability measures to be set next fiscal year*

ii. Increase support for merit-based scholarships.

1-Year Target (FY06-07) *	3-Year Target (FY08-09) *
TBD next fiscal year	TBD next fiscal year

* Accountability measures to be set next fiscal year

c. Increase the number of out-of-state students who enroll at the university.

i. Increase enrollment of out-of-state undergraduate students at UNL, UNO and UNK.

1-Year Target (FY06-07) *	3-Year Target (FY08-09) *
TBD next fiscal year	TBD next fiscal year

* Accountability measure to be set next fiscal year

d. Improve entrepreneurship education, training and outreach.

1-Year Target (FY05-06)	3-Year Target (FY07-08)
Inventory, develop planning for entrepreneurship programs, and set goals.	TBD

e. Increase the global literacy of our students and citizens.

f. Develop and strengthen internship and service learning opportunities with business, education, government, military, and nonprofit organizations.

4. The University of Nebraska will pursue excellence and regional, national and international competitiveness in research and scholarly activity, as well as their application, focusing on areas of strategic importance and opportunity.

a. Increase external support for research and scholarly activity.

i. Increase federal support for instruction, research and development, and public service.

1-Year Target (FY05-06)	3-Year Target (FY07-08)
Increase UNL and UNMC federal research awards from all federal agencies at a rate 20% higher per year than total national federal awards per year on three-year rolling average.	Achieve annual and 3-year targets
Increase UNO and UNK total sponsored awards for instruction, research, and public service from all federal agencies by 15% annually on a five-year rolling average.	

- ii. *Inventory and forecast infrastructure (physical facilities, information technology, equipment) necessary to support continued growth in research activity and secure private and public support to eliminate deficiencies.*
- iii. *Secure enactment and implement LB 605 to repair, renovate and/or replace specific university facilities.*

1-Year Target (FY05-06)	3-Year Target (FY07-08)
Legislature adopts and governor signs into law.	Renovation projects proceeding on budget and on time.

- b. Increase undergraduate and graduate student participation in research and its application.
 - c. Encourage interdisciplinary, intercampus and inter-institutional collaboration.
 - d. Encourage and facilitate the commercialization of research and technology to benefit Nebraska.
 - e. Improve the quantity and quality of research space through public and private support.
5. The University of Nebraska will serve the entire state through strategic and effective engagement and coordination with citizens, businesses, agriculture, other educational institutions, and rural and urban communities and regions.
- a. Support economic growth, health and quality of life through policy initiatives consistent with university mission.
 - b. Recognize and reward faculty innovation and effectiveness in outreach and engagement.
 - c. Connect Nebraska cities, institutions, regions and communities through university programs.
 - d. Support Nebraska’s economic development.
 - i. *Partner and collaborate with government and the private sector to attract, retain, and spur business development and economic opportunity.*

1-Year Target (FY05-06)	3-Year Target (FY07-08)
Inventory collaborative agreements and set annual and 3-year targets.	TBD

- ii. *Use survey data of Nebraska business and industry, including agriculture, to foster more effective relationships with the private sector.*

- e. Build local, regional, national and international partnerships across public and private sectors.

6. The University of Nebraska will be cost effective and accountable to the citizens of the state.

- a. Allocate resources in an efficient and effective manner.
 - i. *Review and ensure administrative best practices in bidding.*
 - ii. *Build a comprehensive long-range capital facilities planning process and provide a six-year capital construction plan, updated quarterly.*
 - iii. *Find savings and cost reductions through administrative and business process efficiencies.*

1-Year Target (FY05-06)	3-Year Target (FY07-08)
Implement “Application Rationalization” process for computing.	TBD

- iv. *Assess priority programs and make appropriate revisions, if any.*
- v. *Investigate revenue-generating ventures.*
- b. Demonstrate fiscal responsibility and commitment to efficiency and effectiveness in all areas.
- c. Maximize and leverage non-state support.
- d. Create and report performance and accountability measures.
- e. Maximize potential of information technology to support the university’s mission.
- f. Implement measures of student learning and success outcomes.
 - i. *Compare and improve educational value-added performance.*

1-Year Target (FY05-06)	3-Year Target (FY07-08)
Develop a set of dashboard indicators for annual Board review of performance on standardized examinations and surveys, including the National Survey of Student Engagement and professional licensure examinations.	Annual or other periodic review, as available, by the Board
Identify and participate in pilot programs to measure student learning outcomes, such as the Collegiate Learning Assessment.	Annual review by the Board

- g. Maintain competitive capital facilities.

TO: The Board of Regents
Academic Affairs

MEETING DATE: September 8, 2006

SUBJECT: Adoption of new Section 4.4.8 of the *Bylaws of the Board of Regents*.

RECOMMENDED ACTION: This proposed amendment of the *Bylaws of the Board of Regents* providing for adoption of a new Section 4.4.8 relating to Faculty Practice Appointments and Faculty Research Appointments is presented for information purposes only in accordance with the requirements of Section 1.11 of the *Bylaws of the Board of Regents*. Approval of this new section will be requested at the Regents' meeting on November 3, 2006.

PREVIOUS ACTION: None.

EXPLANATION: It is proposed that the Board of Regents approve the following amendment of the *Bylaws of the Board of Regents* by adding a new Section 4.4.8. This amendment, if adopted by the Board of Regents, would provide for the establishment of Faculty Practice Appointments and Faculty Research Appointments as part of the faculty at the University of Nebraska-Lincoln. The text of the proposed new section is as follows:

4.4.8 Faculty Practice and Faculty Research Appointments, University of Nebraska-Lincoln.

Notwithstanding the contrary provisions of Section 4.4.1, members of the full-time, permanent faculty at the University of Nebraska-Lincoln may be employed by a Faculty Practice Appointment or a Faculty Research Appointment. Such faculty appointments shall be for a stated term not to exceed five years and shall carry no presumption of renewal. Any Faculty Practice or Faculty Research Appointment may be renewed for succeeding terms not to exceed five years each. Except for termination of a Faculty Research Appointment on shorter notice due to lack of funding as provided below in subparagraph (g), each such appointment will terminate at the end of its stated term if written notice of non-reappointment is given to the appointee by the appropriate administrative officer or by the Board in accordance with the following standards:

- (a) If the stated term of the appointment on a Faculty Practice Appointment or a Faculty Research Appointment expires at the end of one year of service or sooner, notice shall be given by an appropriate administrative officer or by the Board not less than three (3) months in advance of the termination date.

(b) If the stated term of the appointment expires after one year of continuous service, but not later than two years of continuous service on a Faculty Practice Appointment or a Faculty Research Appointment, notice shall be given by an appropriate administrative officer or by the Board not less than six (6) months in advance of the termination date.

(c) If the stated term of the appointment expires after two years of continuous service on a Faculty Practice Appointment or a Faculty Research Appointment, notice shall be given by an appropriate administrative officer or by the Board not less than twelve (12) months in advance of the termination date.

(d) As used in this section, the term "continuous service" shall include consecutive service from one academic year to the next succeeding academic year.

(e) If written notice is not given to the appointee by the appropriate administrative officer or by the Board in the manner herein provided and within the time specified in subsection (a), (b), or (c) of this section, as appropriate, the appointment shall be extended for a period of twelve (12) months. Any appointment extended as provided in this section shall be considered to be an appointment for one year of service, and subject to reappointment in accordance with the provisions specified above.

(f) Notice by an appropriate administrative officer may be signed by the department chair, the Dean, or the Chancellor. Notice by action of the Board, shall be signed in the manner directed by the Board. In the absence of specific direction, notice by action of the Board shall be signed by the Corporation Secretary. All notices required by this section shall be deemed to have been properly given if mailed to the appointee's home address, as reflected by the records of the University, by certified mail, with sufficient postage attached.

(g) Notwithstanding the contrary provisions of subparagraphs (a), (b), (c), and (e) of this Section, in the event a Faculty Research Appointment is funded in whole or in part by funds from a specific source external to the University, such as a research grant, and such funds are reduced or discontinued, then the Faculty Research Appointment may be terminated by the University by giving the appointee at least 90 days written notice of the date of termination.

This proposed new section to the *Bylaws* will permit UNL to employ non-tenured faculty at the rank of Assistant Professor and above on appointments for a specified term not exceeding five years which carry

no presumption of renewal beyond the stated term of the appointment. These appointments are similar to the Health Professions Appointment which now exists at UNMC as provided in Section 4.4.7 of the *Bylaws*.

SPONSOR: Harvey S. Perlman, Chancellor
University of Nebraska-Lincoln

RECOMMENDED: _____
James B. Milliken
President

DATE: August 18, 2006

Lecturer Criteria

- At least .5 FTE
- Contract length = 1 to 2 years
- Renewable
- Benefits eligible
- All units have to define minimum qualifications, i.e. degree, experience equivalent, etc.
- Normally entire apportionment in instruction: may include classroom teaching, student supervision, advising, lab instruction and/or management, instructional program coordination
- All units must define standard for full-time appointments, particularly in number of classes [NB: lack of standardization at UNL in terms of relationship between course load as %FTE]
- Outside promotion track, but may apply for openings in promotion track as they are available/advertised

Assistant Professor of Practice

- 1 FTE position normally, but at least .5
- Appointment length = 1 to 3 years
- Renewable
- Benefits eligible
- Terminal degree or equivalent professional experience required – units must define professional experience equivalence
- Majority apportionment must be in instructional activities and practice. Must be above normal apportionment in teaching assigned to faculty on Tenure Track in the unit
- Other responsibilities, assigned at the discretion of the department/college, could include apportionment in service and/or professional development, and/or minimal requirements to meet academic qualification for accreditation
- Demonstrated success in academic or professional instruction

Associate Professor of Practice

- 1 FTE position normally, but at least .5
- Appointment length = 1 to 4 years
- Renewable
- Benefits eligible
- Terminal degree or equivalent professional experience required – units must define professional experience equivalence
- Majority apportionment must be in instructional activities and practice. Must be above normal apportionment in teaching assigned to faculty on Tenure Track in the unit
- Other responsibilities, assigned at the discretion of the department/college, could include apportionment in service and/or professional development, and/or minimal requirements to meet academic qualification for accreditation
- Evidence of contributions to advancing learning in the field
- Excellence in academic or professional instruction, evidenced e.g. by student evaluations, portfolio, peer review, student learning outcomes
- Evidence of leadership in instructional activity that has had significant impact on the department, college, or University

Professor of Practice

- 1 FTE position normally, but at least .5
- Appointment length – 1 to 5 years
- Renewable
- Benefits eligible
- Terminal degree or equivalent professional experience
- Majority apportionment must be in instructional activities and practice. Must be above normal apportionment in teaching assigned to faculty on Tenure Track in the unit
- Other responsibilities, assigned at the discretion of the department/college, could include apportionment in service and/or professional development, and/or minimal requirements to meet academic qualification for accreditation.
- Evidence of contributions to advancing learning in the field
- Excellence in academic or professional instruction, evidenced e.g. by student evaluations, portfolio, peer review, student learning outcomes
- Very high performance standard
- Minimum expectation is for national visibility for candidate's instructional activities and/or practice, achievable through, for example:
 - leadership in professional organizations
 - instructional methods and/or materials disseminated nationally
 - grant funding for instructional activities/innovation

D. REPORTS

1. Personnel Reports for 2005-2006. Addendum IX-D-1
2. Programs with Tuition Variances. Addendum IX-D-2
3. Semi-annual report of licenses for the period ended June 30, 2006.
Addendum IX-D-3
4. Status of Capital Projects exceeding \$5 million as of June 30, 2006.
Addendum IX-D-4
5. Bids and Contracts for the period ended August 17, 2006. Addendum IX-D-5
6. Gifts, Grants, Contracts and Bequests for the period April 1-June 30, 2006.
Addendum IX-D-6
7. Quarterly Status Report of Six-Year Capital Plan for the period ended
June 30, 2006. Addendum IX-D-7
8. Five-year lease agreement between the University of Nebraska-Lincoln and Sea
Breeze Land Development Co. Addendum IX-D-8
9. Report on approval of agreement: Ameritas Corporation Sponsorship:
Department of Intercollegiate Athletics, University of Nebraska-Lincoln.
Addendum IX-D-9

TO: The Board of Regents Addendum IX-D-1

Academic Affairs

MEETING DATE: September 8, 2006

SUBJECT: Personnel Reports for 2006-2007

RECOMMENDED ACTION: Report

PREVIOUS ACTION: On December 10, 1994, the Board of Regents amended Section 3.2 of the *Bylaws of the Board of Regents* to delegate to the President, or administrative officers designated by the President, authority to make appointments in the Academic-Administrative staff to faculty positions and to administrative positions below the rank of Dean and equivalent ranks. Executive Memorandum No. 13 subsequently delegated authority to the Chancellors to make Academic-Administrative appointments below the level of Dean. Such appointments at the rank of assistant professor or above are required by the *Bylaws of the Board of Regents* to be reported to the Board after each quarter and maintained on file as public record in the Office of the Corporation Secretary.

EXPLANATION: This report includes the campus personnel actions for the period of April 1, 2006 through June 30, 2006.

In addition, there is a listing of new Continuous, Promotion, and Emeritus appointments which have been made for the academic and fiscal year 2005-2006.

Finally, a listing of salaries for academic and administrative personnel with the rank of Assistant Professor or equivalent and above for the academic and fiscal year 2006-2007 is provided.

RECOMMENDED:

Barr, Kathleen L.	College of Nursing (Omaha Division)	Associate Professor	January 12, 2006
Billings, Judith Sims	College of Nursing (Kearney Division)	Professor	October 1, 2005
Cuka, Denis J.	Anesthesiology	Associate Professor	August 1, 2005
Gross, Gloria Jean	College of Nursing (West Nebraska Division)	Associate Professor	June 1, 2006
Hille, Gail A.	College of Nursing (Omaha Division)	Instructor	May 13, 2006
Kreman, Marie E.	College of Nursing (West Nebraska Division)	Assistant Professor	May 13, 2006
Seemayer, Thomas A.	Pathology and Microbiology	Professor	July 9, 2005
Yam, Helen K.	Library of Medicine	Assistant Professor	July 1, 2005

**Emeritus Status
University of Nebraska at Omaha**

Name	Department	Present Rank	Effective Date
Andrew, Diane	Foreign Languages	Assistant Professor	August 17, 2005
Bailey, Ella Jane	Library	Associate Professor	April 4, 2006
Fus, Dennis	Communication	Assistant Professor	December 16, 2005
Hazelrigg, Paula	Communication	Lecturer	May 13, 2006
Hille, Stanley	Marketing/Management	Professor	May 13, 2006
Hinton, Dave	Dean's Office-CIST/Public Administration	Dean/Professor	July 31, 2006
Horacek, Bruce	Gerontology	Professor	June 30, 2006
Lafontant, Julien	Foreign Languages & Black Studies	Professor	May 13, 2006
Latin, Richard	Health, Physical Education and Recreation	Professor	April 15, 2006
Nordahl, Carl	Biology	Assistant Professor	August 22, 2005
Schmidt, Robert	Physics	Associate Professor	May 13, 2006

**Emeritus Status
University of Nebraska at Kearney**

Name	Department	Present Rank	Effective Date
Anderson, Kari	Economics	Assistant Professor	May 12, 2006
Barton-Zimmerman, Janice	Economics	Associate Professor	May 12, 2006
Bennett, Gordon	Sociology, Geography and Earth Sciences	Assistant Professor	May 12, 2006
Dinsmore, John	Art & Art History	Professor	May 12, 2006
Eckloff, Maurine	Communication	Professor	May 12, 2006
Enns, Jess	Sociology, Geography and Earth Sciences	Associate Professor	May 12, 2006
Hueser, Gerald	Health, Physical Education and Recreation	Assistant Professor	May 12, 2006
Karraker, Jack	Art & Art History	Professor	December 16, 2005
Mason, Sharon	Calvin T. Ryan Library	Professor	January 3, 2006
May, James	Art & Art History	Assistant Professor	May 12, 2006
Morrow, Mary Jo	Communication Disorders	Instructor	May 12, 2006
Nagel, Harold	Biology	Professor	December 16, 2005

TO: The Board of Regents Addendum IX-D-2

Academic Affairs

MEETING DATE: September 8, 2006

SUBJECT: Programs with Tuition Variances

RECOMMENDED ACTION: Report

PREVIOUS ACTION: January 20, 2006 –The Board approved the report on programs with differential tuition rates.

EXPLANATION: Following the approval of Regents Policy RP-5.7.4.10, Differential Tuition Rates, the President was granted authority to approve recommendations by which the campuses may vary the rate of tuition from that established by the Board. The purpose of such variable rates was to achieve University goals and objectives. Following each semester and summer session, the Board of Regents are provided a report of the variances granted to the Board-approved rates and the impact of those actions, including any impact on access.

Attached are the programs approved by the President and implemented effective August 17, 2006.

RECOMMENDED:

Linda Ray Pratt
Interim Executive Vice President and Provost

DATE: August 17, 2006

**Regents Policy 5.7.4 Differential Tuition Rates
September 2006 Report**

Campus: University of Nebraska-Lincoln
 Program: Advanced Scholars Program
 Approved: July 2005

Description: The UNL Advanced Scholars program is a partnership linking UNL with Nebraska secondary schools. Through this concurrent enrollment partnership, high schools can offer qualified high school seniors and high-ability or gifted students the opportunity to enroll in UNL online courses for college credit. A hallmark of the UNL Advanced Scholars program is that teaching of the academic online courses resides with the university faculty. The course syllabi, textbooks, kinds of assignments, and grading practices are the same as those used by the faculty for their on-campus courses. Students who register and successfully complete UNL Advanced Scholars online courses earn UNL credit, verified by an official UNL transcript.

Enrollment and Tuition:

UNL Advanced Scholars Program
Spring Semester 2006

Course	Number of Enrollments	High School	Total Tuition Dollars
ENTO 115	1	Logan View	\$300
AGRI 115	2	Grand Island	\$600
NUTR 131	2	Logan View	\$900
	1	York	
POL 104	1	Logan View	\$300
POL 160	2	Logan View	\$600
PSYC 181	4	Cedar Bluffs	\$4,000
	1	Fall City	
	3	Coleridge	
	1	Grand Island	
	1	Logan View	
Total	19		\$6,700

Campus: University of Nebraska-Lincoln
 Program: UNL 2006 Summer Session Tuition Differential Program
 Approved: March 2006

Description: A request was granted to implement a tuition discount of \$30 per credit hour during Summer 2006 for nine courses that are in high demand by entering freshman students. The initial projections based on applications for entering freshman in Fall 2006 indicated a larger freshman class than the prior year. The purpose of the tuition variance was to encourage upper class students to take these core courses in the summer. The goal was to spread demand out over the summer and fall, thus better utilizing resources.

The UNL 2006 Summer Session Tuition Differential Program was a success. UNL experienced a 21% growth in enrollment over the previous summer for the courses offered at a discount. This generated a 20% growth in student credit hours for these courses and a net gain of \$2,200 in tuition. The discount program seems to have had a positive effect on the summer program overall. Given past enrollment trends, projected enrollment for Summer 2006 was 0.54% less than summer enrollment in 2005. Actual overall enrollment in summer 2006 was 1.5% greater than enrollment in 2005, a gain not entirely explained by the increased enrollment in the discount courses.

The discount program appears to have attracted more students to the summer program. The end result should be to decreased demand on the Fall program, making it possible for UNL to accommodate the projected increase in freshmen and transfer students.

Enrollment and Tuition:

UNL Reduced Summer School Tuition
 Summer 2006

TO: The Board of Regents Addendum IX-D-5

Business Affairs

MEETING DATE: September 8, 2006

SUBJECT: Report of Bids and Contracts

RECOMMENDED ACTION: Report

PREVIOUS ACTION: None

EXPLANATION: The attached report is a summary of bids and contracts as provided by the campuses pursuant to Section 6.4 of the *Bylaws of the Board of Regents of the University of Nebraska* for the period ended August 17, 2006.

The report outlines the following: type of action; campus; description and use of the product, service, or project; funding source; approved budget amount; contract amount; contractor or vendor; and a bid review or bid explanation if the low responsible bid was not accepted.

PROJECT COST: None

SOURCE OF FUNDS: None

RECOMMENDED:

David E. Lechner
Vice President for Business & Finance

DATE: August 17, 2006

University of Nebraska
Business Affairs Report - Bids & Contracts

Period Ending: August 17, 2006
Meeting Date: September 8, 2006

Type of Action	Campus	Description	Funding Source	Approved Budget Amount	Contract Amount	Contractor/ Vendor	Bid Review or Explanation
Construction Contract	UNK	Construction of a Teaching Lab annex to Bruner Hall of Science, 2,000 sq. ft., brick and block slab floor, EPDM room	Foundation Donated Funds	\$300,000	\$242,947	Central Contracting, Inc.	Lowest responsible bidder.
	UNL	Fine & Performing Arts-Theatre renovation and addition	Trust Funds	\$4,745,660	\$3,120,000	The Weitz Co. LLC	Lowest responsible bidder.
			Cash Funds	120,000			
			309 Funds	180,000	\$5,045,660		
		Housing-Selleck Dock Addition	Auxiliaries & Services	\$367,471	\$293,000	Rogge General Contractors	Lowest responsible bidder.
	UNO	CPACS Engineering Building Renovation	General Funds	\$10,406,873	\$10,406,873	W. Boyd Jones Construction	Construction Manager at Risk.
Personal Property Procurement	UNL	Biological Sciences/Institutional Animal Care-Cage Washing System	Cash & Federal Funds	\$133,184	\$133,184	Northwestern Systems/Better Built Corp.	Sole Source-Only cage washing system that will fit in the existing space in Manter Hall without extensive renovations.
		Biochemistry-Centrifuges, Scintillation Counters & a Spectrophotometer	General Funds	\$156,300	\$156,300	Beckman Coulter Co.	Sole Source-Interchangeability of the centrifuge rotors and unique specifications for both the scintillation counters and the spectrophotometer.
		Intercollegiate Athletics-Avid Editing System	Revolving Funds	\$79,397	\$79,387	Midwest Media Group Inc.	Sole Source-current HuskerVision staff is trained on this equipment & the additional expense that would be involved in changing to another platform.

Type of Action	Campus	Description	Funding Source	Approved Budget Amount	Contract Amount	Contractor/ Vendor	Bid Review or Explanation
		Chemistry-Gas Chromatograph Time-of-flight Mass Spectrometer	General Funds Federal Funds	\$13,000 \$79,745	\$92,745	Waters Tech Co.	Sole Source-This is a demonstrator unit with software that needs to interface with existing Waters equipment and the system is priced at a deep discount.
		Information Services-Indefeasible Right of Use for fiber to connect UNL City & East Campuses	Revolving Funds	\$162,000	\$162,000	Unite Private Networks, LLC	Sole Source-to facilitate disaster recovery efforts.
		Geosciences-Flow Injection analyzer, Ion Chromatograph and Organic Carbon Analyzer	General Funds	\$81,451	\$81,451	LaChat Instruments-Hach Co.	Sole Source-Uniqueness of the sample sharing between the three instruments and a special total nitrogen module.
		Biochemistry-Analytical Ultracentrifuge	Federal Funds	\$284,160	\$284,160	Beckman Coulter	Sole Source-Beckman Coulter is the only vendor that manufactures this type of ultracentrifuge.
Professional Services Contract	UNL	Housing-Elevator Maintenance for 33 elevators	Auxiliary	\$263,904	\$263,904	KONE, Inc.	Lowest responsible bidder.
		Facilities Management-Elevator Maintenance for 116 elevators	Revolving	\$979,236	\$979,236	Eletech Inc.	Lowest responsible bidder.

TO: The Board of Regents Addendum IX-D-8

Business Affairs

MEETING DATE: September 8, 2006

SUBJECT: Five-year lease agreement between the University of Nebraska-Lincoln and Sea Breeze Land Development Co.

RECOMMENDED ACTION: Report

PREVIOUS ACTION: May 19, 2001 – Board of Regents approved a five-year lease for warehouse storage with Sea Breeze Land Development Co., to provide 6,836 square feet of secure, climate-controlled warehouse storage space for Sheldon Memorial Art Gallery.

EXPLANATION: Sheldon Memorial Art Gallery's continued need to occupy the 6,836 square feet of secure, climate controlled warehouse storage space resulted in executing a new five-year lease with Sea Breeze Land Development Co.

The current five-year lease term will expire May 31, 2011.

Members of the public and news media may obtain a copy of the proposed agreement in the Office of the University Corporation Secretary, 3835 Holdrege Street, Lincoln, Nebraska 68583, between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, except University holidays.

PROJECT COST: \$242,340

SOURCE OF FUNDS: Cash Funds

SPONSOR: Christine A. Jackson
Vice Chancellor for Business & Finance

RECOMMENDED: _____
Harvey Perlman, Chancellor
University of Nebraska-Lincoln

DATE: August 17, 2006

TO: The Board of Regents Addendum IX-D-9

Business Affairs

MEETING DATE: September 8, 2006

SUBJECT: Ameritas Corporation Sponsorship: Department of Intercollegiate Athletics, University of Nebraska – Lincoln (UNL)

RECOMMENDED ACTION: Report

PREVIOUS ACTION: None

EXPLANATION AND

NATURE OF EMERGENCY: Under Regents' Policy 6.3.1, in the course of an emergency the Chair of the Board may approve a contract upon consultation with the Executive Committee. In accordance with that policy and based upon the facts explained below, Chair Jim McClurg gave approval of a proposed agreement with Ameritas.

Over a term of eight years, September 1, 2006 through June 30, 2014, Ameritas will pay to UNL and to the University of Nebraska Foundation for the benefit of the Department of Intercollegiate Athletics at UNL the aggregate sum of \$5,400,000. The agreement consists of (1) a License Agreement permitting the use of UNL trademarks in the promotion of Ameritas' services and products, and (2) a qualified Sponsorship Agreement which consists of a charitable donation from Ameritas for which Ameritas will receive major signage and other permitted forms of sponsorship recognition in various athletic venues.

The nature of the emergency for this matter is to permit the University to install the contract's required signage in Memorial Stadium prior to the first football game on September 2, 2006.

The proposed agreement has been reviewed and approved as to form and content by the Office of the University General Counsel.

Members of the public and news media may obtain a copy of the proposed agreement in the Office of the University Corporation Secretary, 3835 Holdrege Street, Lincoln, Nebraska 68583, between the hours of 8:00 a.m. and 5:00 p.m., Monday through Friday, except University holidays.
