

It's **never too soon** to begin planning for college. A great place to start is our website. It has all sorts of useful information, from when to plan campus visits to helpful resources for parents. Visit us at www.nebraska.edu/collegebound. And learn more about, well, learning more.

Before you head off to high school, consider college.

UNIVERSITY OF
Nebraska[™]
www.nebraska.edu/collegebound

It's Never Too Early To Start Preparing. Eighth grade is the perfect time to begin thinking about the high school classes you'll need to take for admission to the University of Nebraska. Whenever possible, take college prep, advanced placement

and honors classes. Concentrate on courses that improve your reading, writing, math and science skills. Participating in clubs and school activities can also increase your chances for college admission and scholarships.

University of Nebraska Admission Requirements

To be admitted to the University of Nebraska, you must meet minimum academic requirements and complete certain courses.

Class Rank/Test Scores Requirement

Upper 1/2 of class
or ACT composite of 20 or higher
or SAT score of 950 or higher

Course Requirements

16 units (1 unit = 1 academic year)

English: 4 units

- All must include intensive reading and writing. Some speech and journalism classes may qualify.

Mathematics: 3 units (UNL requires 4)

- Must include Algebra 1 & 2 and geometry.

Social Studies: 3 units

- 1 American or world history.
- 1 history, American government or geography.
- 1 from any social science.

Natural Sciences: 3 units

- 2 biology, chemistry, physics or earth sciences.
1 must include laboratory instruction.

Foreign Language: 2 units of 1 language

- You may qualify without this, but you will be required to take 2 semesters of foreign language at NU and meet the 16-unit admission requirement.

Additional Academic Requirement: 1 unit

- For UNL: 1 math or math-related unit building on algebra.
- For UNO or UNK: 1 unit in any academic discipline.

Paying for College

College may be more affordable than you think. Nebraska residents qualify for in-state (resident) tuition, which is much less than students from other states pay. In addition, financial aid is available through grants, loans, scholarships, work-study programs and the university's tuition assistance program. Visit www.nebraska.edu/collegebound and use our cost calculator for more information.

Your investment in a college education can pay big dividends.

Difference over a lifetime: \$1.2 Million

Start saving for college as early as you can. For more information on planning, visit:

Nebraska College Savings Plan: www.planforcollegenow.com

Education Quest Foundation: www.educationquest.org

Know How 2 Go Nebraska: www.knowhow2gonebraska.org

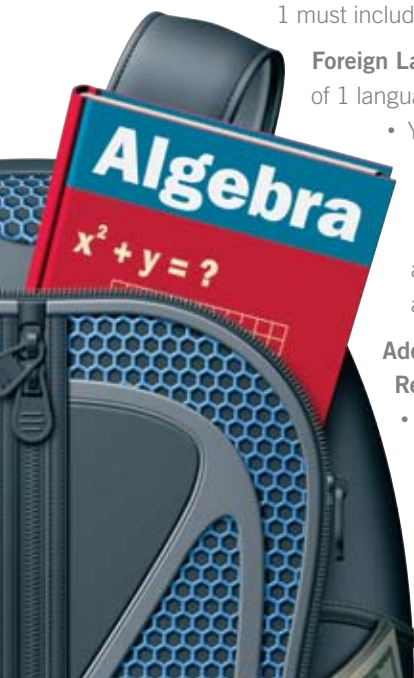

Your guidance counselor can also help you find information on scholarships that will help you pay for college.

Undocumented Students

Undocumented students can pay resident tuition to attend college in Nebraska, provided the following criteria are met.

The student must:

- Reside in Nebraska at least three years prior to graduation.
- Live with parents or a guardian while attending high school.
- Graduate from a Nebraska high school or receive a GED.
- Sign an affidavit promising that, when eligible, he or she will apply for residency.
- Meet all standard admission requirements.

University of Nebraska at Kearney

Some 6,500 students from 44 states and 40 countries attend school on our Kearney campus. They chose UNK

for a wide variety of reasons. For example, there are the small classes taught by knowledgeable, full-time faculty.

“Smart” classrooms provide students with a technology-rich learning environment.

There are more than 170 academic programs from which to choose, as well as the opportunity to be involved in important research as an undergraduate. And then there's the comfortable, residential campus located in a friendly, mid-sized Nebraska community. No wonder so many students want to become “Lopers.”

University of Nebraska– Lincoln

One of the top 50 public universities in the nation, the University of Nebraska-Lincoln

is home to approximately 22,000

students from Nebraska as well

as from other states and countries

around the world. Students receive

nationally recognized academic

advising while working toward undergraduate degrees

in more than 150 majors,

encompassing 275 areas of

study. UNL's campuses create a warm and friendly

atmosphere seldom found at major research universities.

And with 400 student organizations, there is plenty of

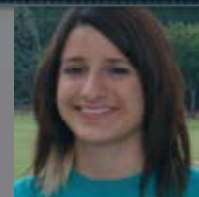

opportunity to become involved in campus activities.

(And, of course, to experience the “Power of Red.”)

“UNK made me feel at home right away, and I've found great organizations to belong to. At the same time, I've enjoyed success in my classes.”
Cristobal Salinas, Jr., Schuyler, is a Spanish education major and serves on UNK's student government.

“At Nebraska, I really got excited about International Studies through class and organizations like Amnesty International, all of which helped me shape my career goals.”
Racheal Strong, Grand Island, aspires to work for the federal government or the U.N.

University of Nebraska at Omaha

UNO is Nebraska's metropolitan university.

Approximately 15,000 students, including

more than 700 international students,

attend classes on this picturesque,

urban campus located in the heart of our state's

largest city. UNO offers

nearly 200 programs of

study and is home to the

renowned Peter Kiewit Institute of Information

Science, Technology and Engineering. Students who

find their "Maverick Mojo" will enjoy an intimate,

small-school atmosphere combined with advantages

of a major metropolitan area where internship,

employment and entertain-

ment opportunities abound.

University of Nebraska Medical Center

UNMC is the school of choice for undergraduate,

graduate and professional degree programs for

those pursuing careers in health sciences. Here, students

who have completed their college

prerequisites study dentistry, dental

hygiene, medicine, nursing, pharmacy and public health.

Programs also are available in the allied health professions

including clinical laboratory

science, nutrition, physical

therapy, physician assistant and

radiation sciences. While the main Medical Center campus

is in Omaha, College of Nursing campuses are located

throughout the state, complemented by many distance

learning opportunities. Special programs are also available for

high-ability, under-represented minority and rural students.

"Ever since high school, I knew I wanted to teach. The professors want you to succeed, and coming to UNO made me realize why I love music so much."

Alex Wimmer, Gretna, is a member of UNO's band honor society and is studying to become a music teacher.

"UNMC's nurse practitioner program prepared me for a great career providing professional, effective and quality health care for my patients."

Dorothea Clute, Omaha, plans to open a health care clinic in North Omaha.
