

# LONG TERM CARE INSURANCE

## Eligibility

### Employee

Faculty and Staff are eligible for group long term care insurance coverage if they are employed in a "Regular" position with an FTE of .5 or greater or employed in a "Temporary" position for more than 6 months with an FTE of .5 or greater.

### Dependents

#### Spouse

- Husband or wife, as recognized under the laws of the state of Nebraska.
- Common-law spouse if the common-law marriage was contracted in a jurisdiction recognizing a common-law marriage.

### Retiree, Spouse of Retiree, Parents, Parents in-law, Grandparents and Grandparents in-law

## Effective Date of Coverage

Coverage is effective on CNA's date of approval.

Employees must be actively at work on the effective date of coverage.

## Change in Status Guidelines

Employees may enroll, disenroll, or change their long term care insurance coverage during the calendar year when a Permitted Election Change Event occurs. Proof of insurability is required to increase coverage due to a Permitted Election Change Event.

Employees must enroll or make changes in coverage within 31 days of the Permitted Election Change Event.

Listed below are several Permitted Election Change Events that may allow an employee to initiate a midyear long term care insurance coverage change.

- Change in legal marital status
- Change in number of dependent children
- Change in employment status or work schedule which results in a gain or loss of coverage eligibility
- Change in coverage under other employers' benefits plan

## Coverage Effective Date as a Result of a Permitted Election Change Event

Coverage changes due to a Permitted Election Change Event will be effective on the CNA "date of approval". The employee may be required to furnish appropriate documentation to verify the Permitted Election Change Event.

## Leave of Absence

Employees may continue long term care insurance coverage while on an approved leave of absence. The employee should contact CNA to establish the direct bill premium payment process.

## Active Military Duty Leave of Absence

An employee who commences a leave of absence for active duty in the military may cancel long term care insurance coverage during the leave. Upon return from active duty, the employee may reenroll for long term care insurance coverage, not to exceed the amount of coverage enrolled for prior to the leave, without proof of insurability or any waiting period. The employee may be required to provide documentation to support the date military service ended.

## Termination of Employment

Coverage terminates on the last day of the month following the date of termination or date the employee is no longer eligible for coverage. If the date of termination or employee's coverage ineligibility is the last day of the month, coverage will terminate immediately.

Insured's are encouraged to notify CNA's Customer Service (877) 895-6759 of their termination of employment to obtain information regarding coverage continuation on a direct bill basis.

## Benefits Summary

The long term care insurance plan, underwritten by CNA, provides a variety of support services for insureds that are unable to care for themselves, whether on a temporary or permanent basis. Group long term care coverage is designed specifically to cover the cost associated with extended long term care services once an individual cannot perform at least two of the following activities of daily living: bathing, continence, dressing, eating, toileting, and transferring. Long term care services can be received in your home, in a community based setting, such as adult day care, assisted living facility or nursing home. Premiums are based on the insured's age on the effective date of coverage. Therefore, the younger you are when you enter the plan, the lower the premium.
