

VOLUNTARY LIFE INSURANCE

The life insurance plan provides term life insurance coverage (no cash value) that is payable in the event of an employee death, thus giving the family or beneficiary financial protection.

Eligibility

Faculty and staff are eligible for group life insurance coverage if they are employed in a "Regular" position with an FTE of .5 or greater or in a "Temporary" position for more than six months with an FTE of .5 or greater.

Initial Enrollment

Employees must enroll for coverage within 31 days of the date of hire or benefits eligibility date (date the employee satisfies the criteria to be benefits-eligible). The 31 day period is not based on the employee's effective date of coverage.

Enrollment after the initial 31-day period is limited to the annual NUFlex enrollment or when a Permitted Election Change Event occurs.

Life insurance premiums are based on the employee's age and tobacco/nicotine use. In order to determine the life insurance premium, the employee must complete the Tobacco/Nicotine Designation which is located on the Benefits Enrollment Form. If the employee does not designate a tobacco/nicotine status, voluntary life insurance coverage will be based on the tobacco/nicotine premium.

Employees may elect coverage Options 2-3 (\$25,000 - \$50,000) without proof of insurability. Coverage Options 4-11 (\$75,000 - \$500,000) require proof of insurability.

Tobacco/Nicotine Status Designation

Employees should initially designate their tobacco/nicotine status by completing the Benefits Enrollment Form. The Benefits Change Form should be used to change a tobacco/nicotine designation as a result of a Permitted Election Change Event.

Assurity Life Insurance has the right to investigate each death claim. **If there is evidence of tobacco or nicotine use after the employee responded "No", (not used any form of tobacco or nicotine within the last 12 months) and/or any material misrepresentation made by the employee, including their smoking history, the employee's life insurance benefit payment may be voided pursuant to the policy's Incontestable Clause.** The 12 month period is calculated from the date you made and/or signed the Tobacco/Nicotine designation.

Effective Date of Coverage

Coverage is effective on the first day of the month following the employee's date of hire or eligibility. Coverage for employees hired on the first day of the month will be effective on the first day of the month. Coverage for employees hired on the first working day of the month will be effective on the actual date of hire (if first working day is Jan. 5, coverage will be effective Jan. 5).

Employees must be "active at work" on the effective date of coverage.

Change in Status Guidelines

Employees may change their voluntary life insurance coverage and/or tobacco/nicotine designation during the calendar year when a Permitted Election Change Event occurs. Proof of insurability is required to increase coverage due to a Permitted Election Change Event.

Employees must make changes in coverage within 31 days of the Permitted Election Change Event.

Listed below are several Permitted Election Change Events that may allow an employee to initiate a midyear life insurance coverage change.

- Change in legal marital status
- Change in number of dependent children
- Change in employment status or work schedule that results in a gain or loss of coverage eligibility
- Change in coverage under spouse's employer's benefits plan, if substantial

Employees may continue voluntary life insurance coverage while on an approved leave of absence for up to two years. The employee should contact the Campus Benefits Office to establish the direct bill premium payment process.

Active Military Duty Leave of Absence

An employee who commences a leave of absence for active duty in the military may cancel voluntary life insurance coverage during the leave. The employee must provide appropriate documentation to support the date military service ended.

Annual NUFlex Enrollment

Proof of Insurability

New hires or newly eligible employees applying for coverage requiring proof of insurability must complete a Statement of Health form. If all requested underwriting requirements are not completed within 90 days from the effective date of coverage, the application will be denied. The employee must wait until the next annual NUFlex enrollment to reapply for coverage.

Increasing coverage at the annual NUFlex enrollment requires the completion of a Statement of Health form. If all underwriting requirements are not completed by Mar. 1, applications will be denied and the employee must wait until the next annual NUFlex enrollment to reapply for coverage.

Voluntary life insurance premiums for the total amount of coverage elected will be withheld beginning on the effective date of coverage. If coverage is denied, the employee should receive a premium refund up to the Guaranteed Issue Limit (\$50,000) or the amount of coverage enrolled for prior to the requested coverage increase.

Any expense incurred for additional medical information as a result of the proof of insurability request will be paid by Assurity Life Insurance.

Beneficiary Designation

Employees should initially complete the Benefits Enrollment Form to designate a life insurance Primary Beneficiary. If desired, (but not necessary) a Contingent Beneficiary may be designated. Any subsequent designation change should be made by completing an Assurity Life Insurance beneficiary designation form. Beneficiary designation forms may be found on the University of Nebraska benefits webpage.

Wavier of Premium

Employees who become disabled prior to age 60 and are disabled for a minimum of 6 months and unable to work may apply for a waiver of premium. If approved, the voluntary life insurance premium will be suspended during the period of disability. You may keep your voluntary life insurance coverage for up to 6 months after the disability begins while waiting for the wavier of premium approval. Your Campus Benefits Office should be contacted to establish the direct bill premium payment process. If you do not meet the definition of total disability after the 6 month period (waiver of premium denied), your voluntary life insurance coverage will be terminated as of their last day of work. If that happens, you will lose your right to convert coverage since your conversion privilege runs for no more than 90 days after the voluntary life insurance ends.

If there is any question about whether or not you do not meet the definition of total disability (waiver of premium approved), you should convert your coverage. Otherwise, you run the risk of not being able to convert the coverage if you do not meet the total disability definition.

If the waiver of premium does not apply due to the age 60 limitation, you may continue the life insurance coverage as a retiree as long as you satisfy the eligibly requirements.

- All term life insurance coverage will end on Dec. 31 following the retiree's 75th birthday.

The retiree should contact Assurity Life Insurance for insurance conversion information.

 \$25,000 \$5.00
